

# **School Performance Scorecard: Recalibration Rubric II**

# SPS CATEGORIES

## ACADEMIC ACHIEVEMENT

Are students meeting expectations for their grade or course?

## ACADEMIC GROWTH

How much are students growing from school year to school year?

## COLLEGE/CAREER READINESS

How prepared are students for success after high school?

## SCHOOL CLIMATE

What non-academic factors affect the learning environment?

# WEIGHTED CATEGORIES

<b>Weighted Rubric Categories</b>		
<b>Category</b>	<b>K-8 Schools</b>	<b>K-12 Schools</b>
<b>Achievement</b>	40%	35%
<b>Growth</b>	40%	35%
<b>Climate</b>	20%	10%
<b>College &amp; Career</b>	n/a	20%

# ACADEMIC ACHIEVEMENT

Academic Achievement, along with Academic Growth, is one of the most heavily weighted categories –

**K-12: 35%**

**K-8: 40%**

The Achievement rating is based on on-track plus mastered rates in reading/language arts, mathematics, social studies and science for all students.

# ACADEMIC GROWTH

**Academic Growth, along with Academic Achievement, is one of the most heavily weighted categories –**

**K-12: 35%**

**K-8: 40%**

The Growth rating is based on TVAAS growth levels and reduction of below rates for all students in reading/language arts, mathematics, science and social studies.

# COLLEGE-/CAREER-READINESS

College-/Career-Readiness is substantially weighted given the District's 80-90-100% goals –

**K-12: 20%**

This rating is based on graduation rate, improvement of graduation rate, and ACT composite score.

# SCHOOL CLIMATE

Recognizing the relationship between school climate and performance, this helps parents know more about the educational environment their child will experience –

**K-12: 10%**

**K-8: 20%**

**The School Climate rating is based on attendance, suspension and expulsion data results for all students.**

# SCORECARD LEVELS

**The District will publish a scorecard with ratings for all schools.**

- Indicators are specific to K-8 (Elementary and Middle School) and K-12 (High School)
- Scoring scale of 1-5 determined for all indicators based on a comparison of all school data
- 1-5 scale chosen due to familiarity with current TVAAS & TEM ratings
- Schools receive 1-5 rating for each category and an overall composite score of 1-5

## Scorecard 2019 *(past)*

- Created by:
  - 2016-17 Data
  - 2017-18 Data
  - 2018-19 Data

## Scorecard 2020

- Created by:
  - Composite Results from Scorecard 2017 and Scorecard 2019\*

\* 17-18 TNReady results were excluded due to “hold harmless” State designation, which would have been on Scorecard 2018.

# School Performance Scorecard Calibration

Rubric I Created on 2016 Scores			Rubric II Created on 2019 composite
Scorecard 2017	Scorecard 2018	Scorecard 2019	Scorecard 2020
2016-17	2017-18	2018-19	2019-20
	2016-17	2017-18	2018-19
		2016-17	2017-18

The year list is the year that the students were tested. For example Scorecard 2020 is the most updated composite which includes the most recent testing data of Spring 2020.

These were the ramp up years to for a complete 3-year scorecard.

Composites are built off of 3 years of data. With the first scorecard with a full 3-year composite happening on Scorecard 2019.

# School Performance Scorecard Calibration

**Percentiles of the Rubric have not changed**

<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Percentile	Percentile	Percentile	Percentile	Percentile
0-19	20-39	40-59	60-79	80-100

*Example:*

To Earn a 3 (40 <sup>th</sup> %tile)	Rubric I	Rubric II
K8 ELA	13.4%	14.6%

The quintiles have been adjusted to reflect more current performance.

# School Performance Scorecard Recalibration

- Metric data are equally weighed within the category, and category data are weighed based on the previously shared percentages
- Two metrics, graduation rate improvement and below percentage reduction have caps:

Graduation Rate of 95%+ = Level 5

Below Percentage of Less than 5% = Level 5

- Three metrics, graduation rate, graduation rate improvement, and ACT composite use data from the “lag-year”

# Recalibration of Rubric

- As student performance improves so do the standards by which schools are evaluated.
- Typically, the quintile ranges shift to the more positive result.
- Level 3 example provided, here.

To Earn a 3 (40 <sup>th</sup> %tile)	Rubric I (Initial)	Rubric II (ReCalibrated)
K8 ELA	13.4%	14.6%
K8 Math	15.3%	18.9%

K12 ELA	10.8%	13.0%
K12 Math	3.3%	5.3%
K12 Social Studies	5.4%	8.0%
K8 Reduction in Below	1.2	0.1
K12 Reduction in Below	-1.7	-0.3
K12 Graduation	76.2%	80.4%
K12 Graduation Improvement	0.6	0.1
K12 ACT Composite	15.8	16.1
K8 Attendance	94.3%	94.4%
K8 Suspension	16.2%	14.1%
K8 Expulsion	0.41%	0.27%
K12 Attendance	91.7%	92.2%
K12 Suspension	39.8%	31.7%
K12 Expulsion	1.78%	1.45%

# Applying 2017-2018 & 2018-2019 Results on Both Rubrics for Comparison

K12	43	3.03	2.91	-0.12	-.40	+.18	3

Results are correlated at a rate of .987. As expectations change, scores change, but relative rank remains constant.

# Applying 2017-2018 & 2018-2019 Results on Both Rubrics for Comparison

Grade Structure	Type	Count	Initial Rubric Mean Final Score	Updated Rubric Mean Final Score	Difference	Maximum Negative Change	Maximum Positive Change

- How do I use the ratings to make decisions?
- Scorecard FAQs

Welcome to the School Performance Scorecard.

The School Performance Scorecard is a tool for families to learn more about the education quality of our schools and how they are supporting students. Each year, the state issues a report card that ranks and compares schools across the entire state. Our scorecard is not a statewide comparison, it's local. It uses official state academic data, but only compares the schools within SCS so it's easier for families to search, compare and make informed choices about the schools in their own neighborhoods.

- What's included in the scorecard?
- How do schools receive a rating?
- How do I use the ratings to make decisions?

# RUBRIC NOTES

- The initial (Rubric I) SPS rubric was developed using results, earned by SCS district schools, from the 16-17 school year.
- This rubric was used to determine scorecard levels published in school years 16-17, 17-18, and 18-19.
- However, the rubric to be used to determine scorecard levels, published in school year 20-21 was developed using **composite** results, earned by SCS district schools, from school years 16-17 and 18-19.
- 17-18 TNReady results were excluded due to “hold harmless” State designation.
- Science Achievement rubric will be determined using 19-20 Science Results.
