There will be two ten-minute breaks during each class.

The above schedule allows for a total of 133 hours of instruction per credit earned. Students must be aware that summer school credit of less than 133 hours of instructional time **WILL NOT** be accepted by Shelby County Schools.

Unless the student has been granted a waiver, Shelby County students **MUST** have a 3.0 GPA to enroll in a *new required regular course*. *Students not regularly enrolled in Shelby County Schools* must bring an official letter of permission from their school to register. The letter must state the course(s) the student is expected to take.

Course (credit) Recovery will be available at some schools. Please see school counselor for available courses. Course (credit) Recovery coursework can only be allowed for students who have failed the course. **Student must register for Course Recovery at the school where they will attend.** Students may register for other courses at any location.

Bolton High School will offer the following courses in a traditional manner (direct classroom instruction):

\*Math Foundations II, Algebra I, and Algebra II

\*English I, II, III, and IV.

\* These courses will not be offered as a Credit Recovery option since they are being offered in a traditional manner.

Credit Recovery will be offered in the morning at the same time and dates as a regular summer school course, excluding the courses mentioned above.

In order for a class to make there must be a certified teacher in the subject area and there must be enough students registered for the course to make it cost effective.
