

3RD GRADE COMMITMENT

In Memphis-Shelby County Schools, we believe "Literacy is Life." Memphis-Shelby County Schools identifies student achievement as its highest priority. Specific revisions to **Policy 5013 Promotion and Retention** were developed to ensure we hold district and school leaders, teachers, and all stakeholders accountable towards the **3rd Grade Commitment**. The intent of the policy revision is to ensure that students have the necessary reading skills to be successful before they reach third grade. Third grade has been identified as important to reading literacy because it is the year children are "reading to learn." If students are not proficient readers by the time they reach third grade, half of the curriculum they will be taught in third grade will be beyond their understanding.

This 3rd Grade Commitment is a collaborative effort between schools, parents and community towards ensuring we all work together to best help SCS students reach reading readiness by third grade. **To learn more about the 3rd Grade Commitment, please visit scsk12.org/commitment.**

FACTS

As early as age 3, a child's vocabulary can predict third-grade reading achievement*

61% of children from low-income backgrounds have no children's books at home.*

At the end of 2018, only **27% of SCS third grade students** were proficient on the TNReady English Language Arts assessment.

Students who do not read proficiently by the third grade are **4 times more likely** to drop out of high school.*

CRITERIA FOR SUCCESS

Students will have opportunities throughout their second grade year to demonstrate progress towards the 12 Criteria for Success. Based on Policy 5013, students must meet 8 of 12 success criteria by the spring term to be promoted to the third grade.
