

Decision Analytics & Information Management (DA&IM)

Learning Center Quiz Access

Accessing Clarity

To access the Clarity platform, direct your browser to <http://scs.clarity.brightbytes.net> (note: Google Chrome is the preferred browser for using Clarity).

Once you have arrived at Clarity, you will sign in using your Shelby County Schools outlook credentials. Select the Login option as seen below:

Decision Analytics & Information Management (DA&IM)

Clarity Ribbon

Find the ribbon at the top of the page that looks exactly like this, and click on the Learning tab.

Learning Center

Upon logging in for the first time, you will be presented with a notification asking you to take the interactive tutorial as an introduction to Clarity. Please take the time to engage with this tutorial. If at any time you need to find the lesson after this initial prompt, it may be found by clicking on the **Learning** tab at the top of Clarity. You will only see one test, depending on if you work at a high school, middle school, or elementary school.

High School

M

Student Success Fundamentals: High School & District Users

This course introduces the research behind predictive analytics. It outlines the Student Success module milestones and framework as they pertain to high school and district users. It also provides you strategies for analyzing and monitoring change in student risk predictions. Course length: 45-60 minutes.
