

# Decision Analytics & Information Management

## How to use the Filters

### Who has Access

Anyone who has access to any Power BI apps will also have the ability to filter within the platform. Each one of our apps have the filtering features

### New Filtering in Power BI

New filters have been implemented into our Power BI applications. We have created a filter button for your ease of use when filtering on each page. Selecting the filter button will now bring forth a pop up that will have all of the filters you require on it.

### Where to go

Clicking into the app that you need for the data you're looking for

- 1) Locating the **filters pane** located to the right of your dashboard

The screenshot shows a dashboard titled "Multiple Schools Selected" under the heading "Decision Analytics & Information Management". The dashboard is divided into several sections:

- School Locations:** A map showing school locations in the Millington, Marion, and Collierville areas.
- School Details:** Address: Multiple Selected, Grades: Multiple Selected.
- 2017-18 SCS School Performance Scorecard Rating:** A circular gauge chart.
- School Leadership:** Principal: Multiple Selected, ILD: Multiple Selected, Deputy Superintendent of Schools & Academic Support: Angela Whitelaw, Superintendent: Joris Ray.
- Race & Ethnicity Trends:** A stacked bar chart showing trends from 2017 to 2020 for categories: Asian, Black, Hispanic, Multiple Races, Native American, Pacific Islander, and White.
- Special Populations Over Time:** A line chart showing trends from 2017 to 2020 for Direct Certified, English Learner, and Students With Disabilities.
- Teacher Insight Survey Spring Trends:** A line chart showing trends from 2017 to 2019. A note below states: "The Instructional Culture Index (ICI) describes teachers' experiences of management practices on a scale of 1-10 based on 3 questions. The data above compares spring results across each school year."

On the right side of the dashboard, there is a "Filters" pane. A red arrow points to the "Filters" button at the top of this pane. The pane is titled "Filters on all pages" and contains two filter sections: "School is (All)" and "Zone is (All)".
