Title: Planning for a Student Attendance Review Team (SART) Meeting

Role: Mr. Smith, Guidance Counselor at Davis Middle School

Background: Mr. Smith is preparing for a SART meeting for a student from Davis Middle School who has just had his fifth unexcused absence reported. The meeting will include the student, his parent, and a family specialist. He would like to focus their discussion on the reasons for the student's unexcused absences and ways the school can intervene to support regular attendance.

Usage Scenario:

- Mr. Smith logs in to the Ed-Fi Academic Dashboards.
- He navigates to the student’s dashboard page.
- He reviews the Overview sub-tab to determine if there are other areas where the student may require intervention besides attendance.
- He sees that the student is not meeting the school’s goal in grades or in state assessment scores.
- He navigates to both the Grades and Credits and State Assessment sub-tabs for the student and reviews the performance data.
- He notes this information and plans to reference this data during the SART meeting. Based on his research, his intervention recommendation for the student will be assignment of a tutor and a mentor.
