COLLEGE FOR TN

Contributors

A contributor is anyone who is required to provide information on the FAFSA; that means the student, parent(s), and spouse might all be referred to as "contributors" in the FAFSA form.

FSA ID

EVERY contributor will need an FSA ID to access the FAFSA. Undocumented parents will now be able to create an FSA ID.

Tip: Ensure every contributor creates an FSA ID before the FAFSA becomes available.

Multi-Factor Authentication

All contributors will need to set up at least one form of multi-factor authentication. It could be a phone (device), email address, or via an authentication app.

Tip: Set up ALL forms of multi-factor authentication.

Family Size

For tax-filers, family size will be automatically calculated based on the number of individuals claimed on the tax return. If the family size is different from the tax return, there will be an option to enter it manually.

Tip: Have a copy of the tax return or tax transcript on hand to check who was claimed.

Number in College

The number of dependents in college will no longer impact the federal formula for aid distribution. However, questions about the number of dependents in the household attending college may still appear for institutional purposes.

EFC vs SAI

Household size reported by student application

Number in college impacts EFC

V.S.

V.S.

Businesses and farms with fewer than 100 employees not counted as an asset

Lowest EFC is 0

V.S.

Family size automatically calculated based on tax forms

Number in college no longer considered in SAI

V.S. Net Value of Businesses and farms of any size counted as an asset

Lowest SAI is -1500

Federal Tax Information

Direct Data Exchange (DDX) will replace the IRS Data Retrieval Tool (DRT) as the process for transferring tax information from the IRS. This will reduce the number of financial questions that most families will see on the FAFSA.

All contributors must consent to having their tax information transferred, even if they did not file taxes for the required year. There will be few exceptions for manual entry.

If consent is not granted...

- ▶ the FAFSA will be considered incomplete
- ▶ the FAFSA will be ineligible for federal financial aid

Reporting Assets

Families with an Adjusted Gross Income (AGI) greater than \$60k will be required to report asset information. The net worth of businesses and farms of any size will now be included.

Potential Impact on Students

The new formula allows a minimum SAI of negative 1,500 to give financial aid administrators more insight when making determinations for students with especially challenging situations.

Some applicants will be able to determine Pell Grant eligibility prior to enrolling in college based on their family size, household income, and state's poverty standards.

8% will have a higher SAI than EFC

13% will see no change

78% will have a lower SAI than EFC
