Citizens and Shelby County Board of Education
Shelby County, TN

State law requires that every general-purpose local government publish a complete set of audited financial statements within six months of the close of each fiscal year. This report is published to fulfill that requirement for the fiscal year ended June 30, 2020.

Management assumes full responsibility for the completion and accuracy of the information contained in this report based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Watkins Uiberall, PLLC and Banks, Finley, White & Co. have issued an unmodified (“clean”) opinion on the Shelby County Board of Education’s financial statement for the year ended June 30, 2020. Their independent report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction.

PROFILE OF THE SHELBY COUNTY BOARD OF EDUCATION

The first Shelby County-funded school opened in January 1871, and after five months of operation, the trustee for the school reported spending \$554.20.

Shelby County Schools has grown from this modest beginning to now being the largest school district in the state of Tennessee and one of the largest districts in the nation. Shelby County Schools merged with the former Memphis City Schools in March 8, 2011. The District includes most of the public schools within the City of Memphis – excluding those served by the Achievement School District (ASD) and State Board of Education – and all schools in the un-incorporated areas of Shelby County, TN. SCS educated 111,923 students in grades Pre-Kindergarten through-12, including charter schools as of the last reporting period in fiscal year 2019-20.

During fiscal year 2019-20, the student demographic was 76.1 percent African American, 6.8 percent Caucasian, 15.5 percent Hispanic, 1.4 percent Asian/Pacific Islander, and .2 percent other races and nationalities. The District had a composite ACT score of 17.5 compared to the State's average of 20. The SCS graduation rate was 79.3 percent in fiscal year 2020.

Shelby County Schools is a component unit of Shelby County Government, which is defined as the oversight entity by GASB Codification Section 2100. Reporting for SCS follows the criteria established by the Governmental Accounting Standards Board (GASB). During fiscal year 2020, the District was governed by a nine-member Shelby County Board of Education. The Board members elect a member to serve as Chairman and a member to serve as Vice Chairman of the Board for a one-year term.

PROFILE OF SHELBY COUNTY

Shelby County is located on the southwest corner of Tennessee, at the east bank of the Mississippi River. Shelby is the state's largest county, with the city of Memphis as the county seat. The corporate limits contain 785 square miles and include seven incorporated municipalities: Arlington, Bartlett, Collierville, Germantown, Lakeland, Memphis and Millington. The County's 2019 population was 937,166 according to the U.S. Census Bureau. The County is empowered to levy, without limit, a property tax on both real and personal property located within its boundaries.

Shelby County was incorporated in 1819. It currently operates under the Mayor-Commission style of government, with the Mayor as chief executive officer. The Mayor oversees the operations of the County's six divisions. The 13 members of the Shelby County Board of Commissioners – as the legislative branch of government – reviews and approves county programs and budgets. The Mayor and each Commissioner serve four-year terms. The Assessor, Circuit Court Clerk, County Clerk, Criminal Court Clerk, General Sessions Court Clerk, Juvenile Court Clerk, Probate Court Clerk and Sheriff are also elected to four-year terms.

LOCAL ECONOMIC OUTLOOK

As of June 2020, the Memphis Statistical Area generally outperformed the nation in terms of annual employment growth, the unemployment rate, and the issuance of building permits. Personal income growth and manufacturing forecasts for the Memphis area frequently exceeds the national performance. However, during the nation-wide pandemic of 2020, Memphis Statistical Area lingered behind in majority of these areas. The following points illustrate these assessments:

Based on the data reported by the Bureau of Labor Statistics economic conditions in the Memphis Statistical Area (MSA) at the close of second quarter 2020 showed a decline in employment, coupled with an increase in building permits and housing prices of 148 percent, 71.7 percent, and 6.5 percent, respectively, and 200 percent decline, 11.1 percent, and 4.7 percent, respectively, in the nation. At the same time, the annual growth of personal income was 6.3 percent in Tennessee and 14.3 percent in the nation. Net job losses occurred in Trade, Transportation, and Utilities, Manufacturing, Leisure and Hospitality, Professional Business, Information, Mining, Logging, and Construction. Employment decline in the Memphis surpassed the nation's rates by 1.0 percent in the second quarter of 2020. Due to national pandemic, COVID-19, the local unemployment rate increased significantly from 4.8 percent in the second quarter of 2019 to 11.9 percent in the same period in 2020. The Memphis unemployment rate of 11.9 percent is .8 percent higher than the national rate.

Changes in Employment and Unemployment Rate

Measured against the previous year (June 2019), total non-farm employment decline by 5 percent in the Memphis zone. In the Memphis Statistical Area, employment in Trade, Transportation, and Utilities dropped 3.3 percent. This sector represents approximately 28.0 percent of the labor force. The highest areas with a reduction in employment were Manufacturing (13.4 percent), Leisure and Hospitality (12.9 percent); Professional and Business Service (10.7 percent), and Financial Activities (10.7 percent); which account for 6.5 percent, 9.9 percent, 13.9 percent, and 4.4 percent of the labor force, respectively. The remaining declining areas were Mining, Logging, and Construction (6.0 percent), Education and Health Services (2.5 percent), Information (3.6 percent), and Other Services (9.7 percent). The Government sector demonstrated employment growth that partially offset the losses in the above-mentioned sectors. Overall, the employment picture declined 148 percent from June 2019 to June 2020.

Personal Income Growth

During the second quarter of 2020, personal income growth was impacted by the spread of the global pandemic, COVID-19. Governments throughout the nation, issued and lifted "stay-at-home" orders and distributed pandemic assistance to households. Although the pandemic impacted the nation, personal income grew 10.8 percent in Tennessee, compared with 28.8 percent in the nation.

Manufacturing Forecasts

On the manufacturing side, the Memphis area's manufacturing employment decreased 12.3 percent in the second quarter, as compared to a 10.6 percent decrease in the state of Tennessee and a 6.1 percent decrease in the nation. The durable goods sector experienced significant employment decline in the State by 12.5 percent, 12.8 percent in Memphis, and 6.3 percent in the nation. The employment rate of non-durable goods sector declined 7.2 percent in the State of Tennessee, 14.3 percent in Memphis, and 5.2 percent in the U.S.

Building Permits

Relative to the same period last year, housing activity in Shelby County increased in 2020. The number of new residential building permits issued in Shelby County during 2020 was slightly lower in the same period in 2019. In comparison, national housing activity increased 13.5 percent. Home prices in the Memphis area increased by 6.5 percent from June 2019 to June 2020, while national home prices increased 4.7 percent year over year in the same period.

Charter Schools

In 2002, the State of Tennessee passed the Tennessee Public Charter Schools Act. The Act permits the Board to authorize the establishment of public charter schools with the primary purpose of improving the learning for all students and closing the achievement gap between high- and low-performing students. An agreement must be entered into between the sponsor of the charter school and the Board of Education. The charter is approved for an initial period of 10 years but can be revoked by the Board or the State if the school violates certain requirements of the Act. Each school must be operated by a not-for-profit organization with exemption from Federal taxation under 501(c) (3) of the Internal Revenue Code and is responsible for establishing its own governing body separate from that of the Board of Education. The charter schools are supported by the Board of Education as a pass-through from State and local funding sources.

Shelby County Schools operated 56 charter schools in fiscal year 2019-20. Metropolitan Nashville Public Schools had 21 charter schools, Chattanooga Public Schools had four, and Knox County Public Schools had one charter school in fiscal year 2019-2020, per the Tennessee Charter School Center. Other charter schools in operation in the State of Tennessee are authorized by the ASD and State Board of Education.

Charter schools started in Tennessee in 2003 as an alternative for students assigned to failing urban schools. Charter operators have flexibility to set their own hours and school calendar and hire at their discretion. However, teachers hired must be state-certified. Tax dollars for education follow the student to the charter school. With the amendment of T.C.A. § 49-13-113 in January 2011 (effective FY 2011-12), any child may attend a charter school in Tennessee, regardless of family income or the academic standing, as determined by the state of the child's home school. There is no longer a limit on the number of charter schools permitted in a district.

Age of School Buildings

As of June 30, 2020, the average age of the District's school buildings is 50 years. Shelby County Schools does not issue general obligation debt and relies upon the County of Shelby for financing its capital needs. The County of Shelby conducts its finances so that the amount of general obligation debt does not exceed 12 percent of the County's taxable assessed valuation or 5 percent of the appraised valuation.

EDUCATIONAL PROGRAMS

The District provides the following programs: General education, special education, career and technical education, alternative education, J.R.O.T.C., charter school instruction, CLUE, Optional Schools programming, blended learning, and virtual learning instruction.

Highlights:

SCS Superintendent Dr. Joris M. Ray & Board Member Kevin Woods Named to the Memphis Business Journal's Power 100 List

Superintendent Dr. Joris M. Ray Named West TN Supervisor of the Year by the Tennessee Principals Association

SCS College, Career & Technical Education (CCTE) Program Named Business Partner of the Year Award at the MPLOY Youth Excellence Awards

SCS Students Earned 1,920 Career Certifications through CCTE Programs

Superintendent Dr. Joris M. Ray Launched Groundbreaking African American Male Initiative

Geeter K-8 School Opened the District's First Trauma-Informed Center

Brownsville Road ES, Dexter ES, Germanshire ES and Grahamwood ES Named to 2019 List of America's Healthiest Schools

Maxine Smith STEAM Academy and Campus School Named 2019 National Blue Ribbon Schools

SCS Honored with Tennessee Association of School Social Workers (TASSW) Friend of Children Award

Whitehaven Teacher Nathan Kirsch Surprised with \$25,000 Milken Educator Award

Adrian Maclin of Cordova HS and Linzie Mullins of Snowden School Selected as CMA Foundation Music Teachers of Excellence

Whitehaven Elementary STEM Academy Principal Tommy Elliot Received the Excellence in STEM Leadership Award

SCS Music Education Program Received the National Best Communities for Music Education Recognition for the 10th Consecutive Year

Southwind HS Teacher Sherman Jones Selected for 2020-21 SCORE Tennessee Educator Fellowship

J.P. Freeman Teacher Dr. Melissa Collins Received National University System-Sanford Teacher Award for Tennessee

SCS Partnered with Amazon to Implement Computer Science Education Programs at 11 Elementary Schools

Without question, the 2019-20 school year marked a time of historic change and unanticipated challenges for Shelby County Schools' (SCS) families and staff. Due to the COVID-19 global pandemic and subsequent school closures, students ultimately missed a full quarter of full-time, in-person instruction in SCS and across the United States. Consequently, the District's priorities have expanded beyond improving traditional academic outcomes to ensuring our families have the resources to learn safely and effectively while navigating the health and economic crises affecting the

whole Shelby County community. While some of our traditional measures of success regarding Destination 2025 are therefore stalled, SCS and its many partners are proud of our collective efforts to adapt quickly to unprecedented challenges and respond to our community's needs. These efforts include:

- Purchase and rapid distribution of over 95,000 devices and 13,500 hotspots to SCS students to prepare for all-virtual/remote digital learning in fall 2020
- Expansion of instructional materials, online learning opportunities and meals to serve thousands of students every week during the spring and summer of 2020 in response to school closures
- Mobilization of community partners to establish “learning pods” for students whose families need childcare support during the all-virtual/remote fall semester
- Expansion of technical support call centers and user resources for families and students on our Access for All website, www.scsk12.org/accessforall
- Achieving the District's highest levels of community confidence since the inception of Destination 2025 with 89 percent of survey respondents agreeing that SCS is on track to improve student achievement

Increasing the percentage of economically disadvantaged AP students eligible to earn college credit on AP exams from 19 percent in 2019 to 24 percent in 2020 and increasing this figure for African American AP students from 20 percent to 26 percent.

FINANCIAL INFORMATION

SCS experienced General Fund revenue increase in fiscal year 2020 due to a higher receipt of local tax revenues from Shelby County and BEP revenues from State of Tennessee. Also, the District implemented cost saving initiatives and pursued grants aggressively to avoid additional cost burden to the General Fund. As a result, SCS ended fiscal year 2020 with a total fund balance of \$156 million.

Budgetary Adoption and Controls

According to Board policy, the Board shall adopt a budget and appropriate funds for each fiscal year prior to the beginning of the fiscal year. The approval of the annual operating budget by the Board provides authorization to the Superintendent and the administrative staff to expend any or all of the amounts appropriated to the limit of each separate fund for the specific budget year. In accordance with state law, regulations and Board policy, the Superintendent and Chairman of the Board of Education will submit a budget to the State.

According to state law and Board policy, the District is required to operate under an annual balanced budget approved by resolution of the Shelby County Board of Education (SCBE) and the Shelby County Commission. The Board defines a “balanced budget” as when the sum of estimated revenues and appropriated fund balance is equal to expenditure appropriations. Revenues and expenditures are defined in accordance with generally accepted accounting principles.

Budgets are developed to support District goals, priorities, and strategic objectives. Budgets are prepared annually on a basis consistent with generally accepted accounting principles for the General Fund, Capital Projects Fund, Categorically-Aided Funds and Food Service Fund. The adopted annual budget serves as the foundation for the District’s financial planning and control. The District begins its budgeting process in November each year by projecting enrollment for the upcoming school year. Enrollment projections drive staffing and expenditure allocations for schools. Enrollment projections are based on the second 20-day attendance count.

Expenditures

Allocations for each school are based on per-pupil allocations, instructional and administrative staffing allocations and other required operating and maintenance (O&M) service levels. Per-pupil allocation helps determine how much O&M funding each school will receive. The allocations to each school are considered discretionary funds. The discretionary funds for each school are accounted for separately by way of Site-Based Budgets.

Each department is responsible for preparing supporting documentation. Before any budgets are submitted to Budget and Fiscal Planning, a line item justification must be completed, which aligns to District goals and priorities. The support documents enable Budget and Fiscal Planning to determine if all cost allocations are justifiable and accurate. These documents also help the District to determine where cost savings can be maximized.

Revenues

The estimation of revenues begins in October and is, in part, based upon enrollment projections which are developed by school and grade level. The projections take into account mobility factors, such as birth rates and housing changes.

State revenue estimates are generated through sales tax collections and are calculated using the Basic Education Program (BEP) formula. BEP revenues are a funding plan and not a spending plan. However, certain requirements must be met when using the funds. BEP estimates are not finalized until the State calculates average daily membership (ADM) and finalizes its budget.

SCS must submit its budget for approval each year to the following:

- Shelby County Board of Commissioners
- State of Tennessee – Pursuant to Tennessee Code Annotated (TCA) §49-3-316 the District has 30 days after the beginning of each fiscal year to submit to the Commissioner of Education a complete and certified copy of its entire school budget for the current school year. On or before August 1 of each year, the District must submit to the Commissioner of Education a

correct and accurate financial report of the receipts and expenditures for all public-school purposes of the District during the previous school year ending on June 30.

In the event that the local fiscal body has not adopted a budget for the operation of the public schools by July 1st of any year, the District budget for the year just ended shall continue in effect through August 31st. A resolution is not required unless a request to extend through September 30th due to extraordinary circumstances is approved by the Tennessee Office of State and Local Finance (OSLF).

Expenditures mandated by this part and implemented by rules, regulations and minimum standards of the State Board shall be incorporated into this continuing budget. The District can spend no more than the amount spent in the same month of the prior fiscal year while operating under a continuation budget. Any continuing budget shall not be valid beyond August 31st (September 30th if approved by OSLF) of the current fiscal year for purposes of the local fiscal body's eligibility to receive school funds from the State.

Budget Administration and Management Process

When unforeseen circumstances arise during the fiscal year, which require an amendment to the final adopted operating budget, adjustments can be accomplished in the following manner.

The Superintendent or his designee is authorized to transfer budget amounts between line items of the same state functional classification and within the same major object type, i.e. salaries and benefits or discretionary account. A budget transfer shall be effective when the Superintendent or his designee has approved the item by signature. Budget revisions that increase the balance of a fund are taken by resolution before the Board and the Shelby County Board of Commissioners.

The monitoring of expenditures and revenues is a crucial component of the management of the budget. In the event of an unexpected decline in revenue, certain non-essential expenses would be the first to be identified and frozen to ensure a balanced budget at year-end.

Position Control

An integral part of the District's adopted budget is Position Control, which defines the approved budgeted positions. The purpose of Position Control is to ensure the District's staffing does not exceed its authorized positions. The Position control budget is maintained by Budget and Fiscal Planning.

Any salary increase that is requested for an employee by a department administrator for purposes of reclassification, equity or other circumstances must be approved by the Office of Finance and Human Resources Division of Compensation, and the Superintendent makes the final approval. The department administrator must identify funding for the increase as the department or division's budget must remain budget neutral. Savings realized through vacancies cannot be used to fund salary increase requests.

Fund Accounting

SCS reports its financial activities through the use of fund accounting. This is a system wherein transactions are reported in self-balancing sets of accounts to reflect the results of activities. *(See note 1 of the Notes to the Basic Financial Statements for a summary of significant accounting policies and a description of fund types).*

Internal Control

SCS has established a comprehensive internal control framework designed to protect the District's assets from loss, theft or misuse. In addition, the District manages its accounting system to provide reasonable assurance regarding the reliability of financial records for preparing financial statements and maintaining accountability for assets. "Reasonable assurance" recognizes that the cost of a control should not exceed the benefits likely to be derived; and the evaluation of costs and benefits requires estimates and judgments by management. Our external auditors annually test the District's compliance with its Internal Controls for each major program as required by the Uniform Guidance.

LONG-TERM FINANCIAL PLANNING

The financial position of Shelby County Schools remains relatively stable, despite increased financial pressure from the growth of charter schools and the Achievement School District. The District's conservative budgeting methods and its ability to maintain disciplined spending practices have been the primary drivers behind the stable financial position. To ensure spending remains sound, SCS has implemented and continues to explore new opportunities for cost savings, cost avoidance and revenue generation.

The District has committed to developing and implementing a strategic budget and long-term financial plan to improve academic outcomes while achieving an equitable distribution of resources. To do this, the focus is on implementing student-based budgeting to allocate funding to schools based on the needs of students in the classroom. Academic outcomes will be improved by strengthening early literacy; improving post-secondary readiness; developing teachers, leaders, and central office to drive success; expanding high quality school options; and mobilizing family and community partners. These initiatives will be implemented by 2025 to achieve the District's 80/90/100% Strategic Goals. The goals were established to ensure, by 2025, that 80 percent of seniors will be college- or career-ready, 90 percent of seniors will graduate on time, and 100 percent of college- and career-ready graduates will enroll in a post-secondary opportunity. With the SCBE approval of the District's strategic goals focused around the mission of college- and career-readiness, SCS will make significant strides towards educational leadership. So, by 2025, when this year's sixth graders are graduating, Shelby County Schools expects 80 percent of them will earn diplomas and be immediately ready to succeed in college or in the 21st century workforce.

Currently, the District is collaborating with community partners and other stakeholders to create the infrastructure necessary to accomplish these goals.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (CAFR) to Shelby County Schools for its comprehensive financial report for the fiscal year ended June 30, 2019. This was the sixth year the District received this prestigious award. In order to be awarded a Certificate of Achievement, a school district must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and will be submitted to GFOA to determine its eligibility for another certificate. Our GFOA certificate can be found on page 3 of the CAFR.

In addition, the District received its sixth Association of School Business Officials (ASBO) Certificate of Excellence in Financial Reporting award for its fiscal year 2019 CAFR. This award, valid for one year, is granted only after an intensive review of the CAFR by an expert panel of certified public accountants and practicing school business officials. Shelby County Schools plans to submit the fiscal year 2020 CAFR to ASBO and believes the report continues to meet ASBO's certificate program requirements. The ASBO Certificate of Excellence in Financial Reporting can be found on page 4 of the CAFR.

The preparation of this report was accomplished through the commitment, dedication, and tireless efforts of the entire Office of Finance. We would also like to extend our thanks to other SCS and non-SCS personnel who assisted in the preparation of this report. Due credit is also given to all Board members for their interest in complete transparency and support in conducting the planning and operation of SCS.

Respectfully submitted,

Dr. Joris M. Ray
Superintendent of Schools

SHELBY COUNTY BOARD OF EDUCATION ORGANIZATIONAL CHART June 30, 2020

Financial Section

INDEPENDENT AUDITORS' REPORT

To the Chairperson and Members of the
Shelby County Board of Education
Memphis, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund, capital projects fund, food service fund, and special revenue – categorically aided fund of the Shelby County Board of Education (the Board) (a component unit of Shelby County, Tennessee) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund, capital projects fund, food service fund, and special revenue – categorically aided fund of the Shelby County Board of Education, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 25 through 43, and the other required supplementary information on pages 112 through 133 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The introductory section, combining fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal and state awards is presented for the purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements and schedules and the schedule of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2020, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

As management of Shelby County Board of Education (the Board), we offer readers of the school district's financial statements this narrative overview and analysis of the financial activities of the Board for the fiscal year ended June 30, 2020. Comparative financial information is reported for the fiscal year ended June 30, 2019.

The intent of this discussion and analysis is to look at the school district's financial performance as a whole, or as an entire operating entity. We encourage readers to consider the information presented here in conjunction with additional information we have furnished in our transmittal letter, which can be found within the "Introductory Section" at the front of this report, as well as the District's financial statements that follow this section.

Financial Highlights

- Total assets and deferred outflows of the school district exceeded its liabilities and deferred inflows at June 30, 2020, by \$398.7 million (net position).
- Total net position increased by \$94.7 million or 31.15 percent over the prior fiscal year.
- The school district's unrestricted liabilities exceeded its unrestricted assets by \$880.7 million primarily due to the net OPEB liability and pension obligations.
- The school district's pension and local pension deferred outflows of resources of \$80.8 million and \$.1 million, respectively, and net pension asset of \$191.0 million, and exceeded its pension deferred inflows of resources of \$144.5 million and net pension liability of \$.2 million by \$127.2 million.
- OPEB deferred inflows of resources of \$171.0 million and net OPEB liability of \$879.4 million exceeded OPEB deferred outflow of resources of \$43.6 million by of \$1,006.8 million.
- At June 30, 2020, the school district's total general operating fund balance was \$156.1 million or 14.95 percent of total general fund expenditures.
- Unassigned fund balance for the General fund was \$83.3 million or 8.00 percent of total general fund expenditures, a decrease of \$.3 million from the previous year. The unassigned fund balance is available for unforeseen operational emergencies or investments in the future. The unassigned fund balance policy stipulates the District must maintain a minimum of 8 percent.
- The Food Services fund is categorized as a major fund. The fund balance for the Food Services fund was \$40.5 million or 62.2 percent of total expenditures.
- Fund balance in the Categorically Aided fund was \$6.5 million or 4.53 percent of expenditures, a decrease of \$3.7 million over prior year.
- In fiscal year 2020, the Capital Projects fund was categorized as a major fund. The fund balance was \$.4 million or .40 percent of total expenditures.

Overview of the Financial Statements

This discussion and analysis document serves as an introduction to the Board’s basic financial statements. The Board’s basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The following graphic summarizes the components of the report:

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the school district’s finances, in a manner similar to a private-sector business. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *statement of net position* provides information on the assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the entire school district. Net position is the difference between the school district’s total assets and deferred outflows of resources and total liabilities and deferred inflows of resources, using the accrual basis of accounting used by most private sector companies. Over time, increases or decreases in net position may serve as a useful indicator of whether our financial position is improving or diminishing, respectively.

The *statement of activities* presents information showing how the school district’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e., uncollected taxes and earned but unused vacation leave).

Fund Financial Statements. A fund is a grouping of related accounts. Funds are used to maintain control over resources that have been segregated for specific activities or objectives. The Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Board uses many funds to account for a multitude of financial transactions. All of the funds of the Board can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. These fund financial statements focus on the school district’s most significant funds.

Governmental Funds. Most of the Board’s activities are reported in governmental fund financial statements. These statements focus on how monies flow into and out of those funds and the balances left at year-end that are available for spending in the future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund

statements provide a detailed short-term view of the school district's general government operations and the basic services it provides. Governmental fund information helps one determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term decisions. Both the *governmental funds balance sheet* and the *governmental funds statement of revenues, expenditures, and changes in fund balances* provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Board maintains four governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Project Fund, Categorically Aided Fund, and the Food Services Fund. The Categorically Aided Fund is comprised of two categories – federal and non-federal. The Board adopts an annual appropriated budget for all its funds. Budgetary comparison statements have been provided to demonstrate compliance with budget.

Proprietary Funds. The Board maintains one type of proprietary fund, the Internal Service Fund. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the school district's functions for its central services (printing and supply chain management), government services, health self-insurance and unemployment benefits. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds. Fiduciary funds (or Trust and Agency Funds) are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the school district's own programs. The Board holds the Other Post-Employment Benefits Trust (OPEB) and Local Pensioner's Retirement Trust investment accounts; and the Flexible Spending Account (FSA) and individual schools' Internal School funds in a fiduciary capacity as an agency fund.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Supplemental Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information regarding pensions and funding progress for retirement and other post-retirement benefits.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The Board's assets, as a whole, exceeded liabilities at June 30, 2020 and June 30, 2019 by \$398.7 million and \$304.0 million, respectively.

	2020	2019	Percentage Change 2020 - 2019
Assets:			
Current and other assets	\$ 347,358,228	\$ 365,342,122	(4.92%)
Capital assets	1,010,128,914	979,807,598	3.09%

Restricted	269,301,541	180,107,129	49.52%
Unrestricted	(880,739,766)	(855,913,177)	2.90%
Total net position	<u>\$ 398,690,689</u>	<u>\$ 304,001,550</u>	31.15%

Management Discussion and Analysis

Capital assets (e.g., land, buildings, machinery, equipment, intangibles and construction in progress) are the largest portion 65.23 percent of the total assets. These assets are not available for future spending. The value of the on-going construction of new schools or renovation of existing facilities accounts for \$60.0 million or 5.94 percent of the capital assets.

The net pension asset was less favorable at June 30, 2019, as reflected in the June 30, 2020 financial statements, due to positive investment earnings. The Non-teacher and Teacher Retirement plans combined net assets increased \$31.7 million or 61.1 percent. The Teacher Legacy Plan had an asset of \$36.8 million in fiscal year 2019 and an asset of \$107.3 million in fiscal year 2020. The Local Pension Plan liability decreased \$.02 million or 7.9 percent.

The net OPEB liability declined by 6.56 percent in fiscal year 2020 as compared to fiscal year 2019. The decline was due to recognition of an OPEB expense and changes to the Municipal Bond Index Rate.

Total debt (including compensating absences) owed by the school district is 92.84 percent of total liabilities with 100.00 percent of the debt due after one year. The liabilities decreased 8.34 percent due to the decrease in the OPEB and Pension liabilities in fiscal year 2020 versus fiscal year 2019. Please see Note 6 for additional information.

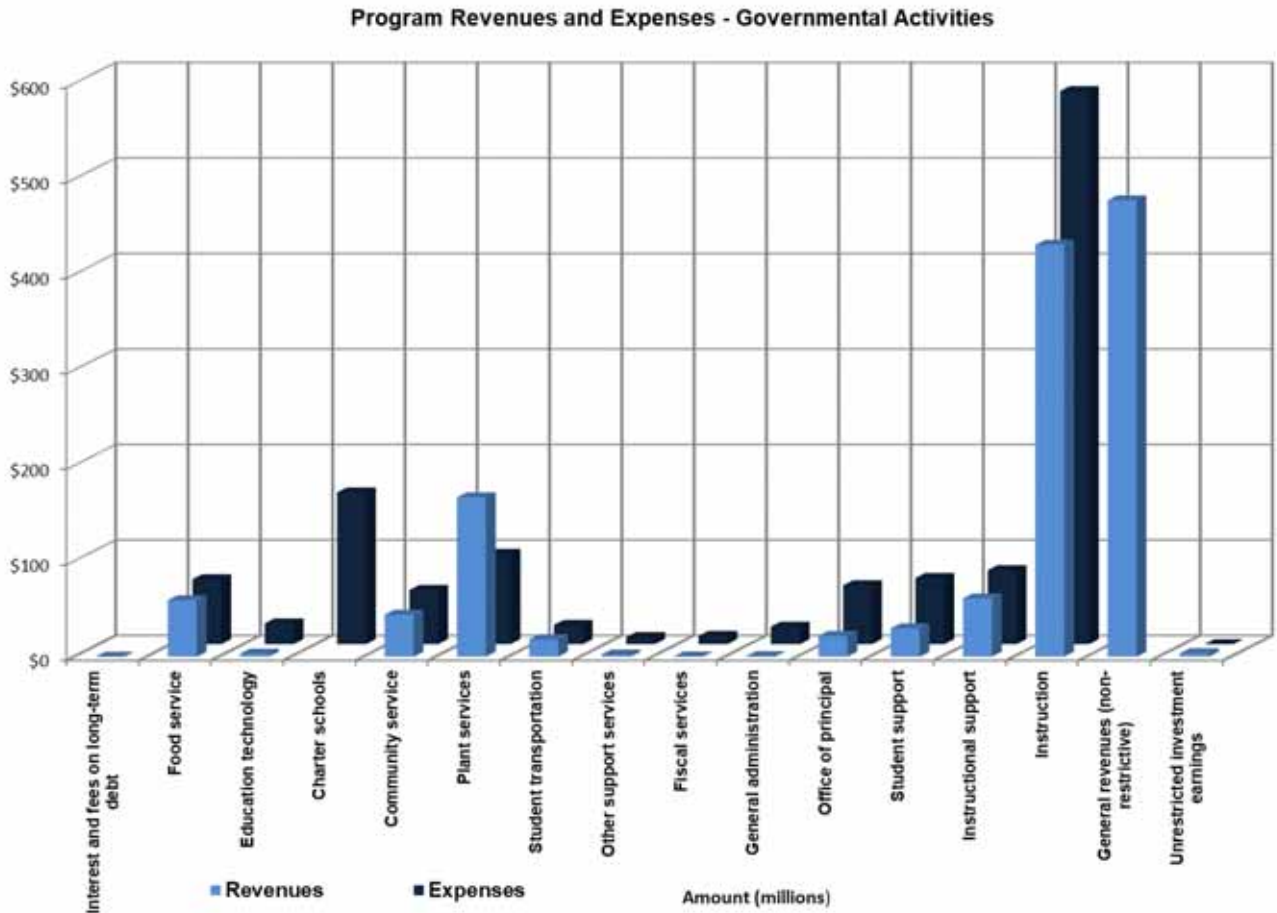

Governmental Activities. Governmental activities during fiscal year 2020 increased the school district's net position by \$94.7 million or 31.15 percent of total net position as compared to an increase of \$12.9 million or 4.41 percent of total net position during fiscal year 2019.

The *statement of activities* reflects the cost of program services and the charges for those services in addition to grants and contributions offset by those services. The following chart of governmental activities shows the total cost of services with the revenues directly supporting the services.

- Instructional expenses include activities directly linked to the teaching of pupils and the interaction between the teacher and pupil. The components include regular, exceptional children, alternative, and vocational instruction.
- Instructional support includes the activities involved in assisting instructional staff with the content and process of teaching to pupils. Support services provide administrative, supervisory support to facilitate and enhance instruction.
- Student support includes the activities assisting students in technical services (such as library, guidance, health, and alternative choices) and providing a safe school environment.
- Office of principal includes activities of directing and managing the operation of a particular school. Such activities include those performed by the principal and assistant principal

while they supervise all operations of the school, evaluate staff, assign duties to staff, maintain the records of the school, and coordinate school instructional activities within the total school system. These activities also include the work of secretarial and clerical staff in support of the teaching and administrative duties.

- General administration includes the Board of Education and Office of the Superintendent. Activities are centered on establishing and administering policy for operating the Local Education Agency (LEA). Other general services include commission fees assessed by the County Trustee for tax collection, external audit, legal services, communications, and administrative supervision of the Board.
- Fiscal services include: budgeting and financial reporting, financial and property accounting, payroll and tax reporting, managing of funds, purchasing, receipts and disbursements, and internal auditing.
- Other support services provide non-instructional services to students and staff by the Human Resources Division.
- Education Technology supports the district's information technology infrastructure for schools and departments.
- Student transportation includes activities involved with the conveyance of students for regular, vocational and special educational instruction to and from school, as well as school activities, as provided by state and federal law.
- Plant services supports maintaining the school grounds, buildings, and equipment in an effective working condition and state of repair.
- Community services include community development programs for Shelby County Schools, which promote the Board and its objectives. It also includes early childhood development, parental involvement, volunteer services, and innovation and planning.
- In accordance with T.C.A. §49-13-106, charter schools are transferred state and local revenues based on an average daily membership of the Board. Fifty-six charter schools were operational during fiscal year 2020.
- Food service includes the preparation, delivery, and servicing of lunches, snacks and other incidental meals to students and school staff in connection with school activities.

A major portion of the general revenues is not included above because the revenues are not directly identified as supporting a unique or specific activity. Instead, these revenues are general in their support for all activities. General revenues are primarily comprised of local tax revenues provided to support education as a whole. In contrast, State Basic Education Program and federal programs are directly supportive of specific activities. The dependence upon general tax revenues from the community for all governmental activities is clear. General tax revenues support 41.22 percent of the governmental activities. A breakdown of revenues by program is presented on the following page.

Financial Analysis of the Government’s Funds

As noted earlier, the Board uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Board’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the school district’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of June 30, 2019 and 2020, the school district’s governmental funds reported combined ending fund balances of \$216.4 million and \$203.5 million, respectively; a decrease of \$12.9 million in 2020 when compared with 2019. Approximately 40.94 percent of the total amount of \$83.3 million is comprised of unassigned fund balance, which is available for spending at the Board’s discretion. The remainder of the fund balance is either non-spendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form of \$11.0 million; 2) restricted for specific purposes of \$72.7 million; 3) committed for specific purposes of \$0.8 million; or 4) assigned for specific purposes of \$35.6 million. The components of the balances by funds are shown on the following page:

**Shelby County
Board of Education**

Management Discussion and Analysis

	June 30, 2020	June 30, 2019	Percentage Change 2020 - 2019
General Fund			
Nonspendable	\$ 5,447,435	\$ 5,467,117	(0.36%)
Restricted	31,750,325	34,250,522	(7.30%)
Assigned	35,635,185	34,907,258	2.09%
Unassigned	83,299,275	83,631,900	(0.40%)
Capital Projects Fund			
Restricted	336,240	2,154,042	(84.39%)
Categorically Aided Fund			
Restricted	5,737,662	9,141,396	(37.23%)
Committed	769,670	1,073,244	(28.29%)
Food Services Fund			
Nonspendable	5,597,299	4,718,867	18.62%
Restricted	34,914,590	41,038,318	(14.92%)
Total all government funds	<u>\$ 203,487,681</u>	<u>\$ 216,382,664</u>	(5.96%)

There was approximately a \$12.9 million decrease in total fund balance comprised of a decrease of \$2.1 million in the general fund, \$1.8 million decrease in the Capital Project funds, \$3.7 million decrease in the Categorically Aided Fund, and \$5.2 million decrease in the Food Service Fund. The changes are discussed in the following fund sections.

Major Funds

General Fund

The General Fund is the general purpose and chief operating fund of the school district used to account for the ordinary operations and financial resources not accounted for in any other fund. Taxes, state equalization funding, and other general revenues finance the operations.

Revenues exceeded expenditures by \$.9 million. In comparison to prior year, the General Fund revenues increased by \$22.3 million and expenditures decreased by \$26.5 million (GAAP basis).

The increase in revenues is primarily due to funding sources from the State of Tennessee and Federal government. The State of Tennessee's allocation increase of \$16.1 million resulted from an overall marginal enrollment change, shifts in enrollment estimates for ASD, State Charter school, and teacher raises. Revenues of \$6.0 million from the federal government increase is due to the E-rate lawsuit settlement received towards the latter part of the year. The \$.2 million is primarily due to various sources, such as Shelby County and City of Memphis delinquent taxes, and other local sources.

The year-over-year (YOY) expenditure decrease of \$26.5 million is directly related to the global pandemic, COVID-19. SCS closed operations in mid-March to ensure student and staff safety. However, operations continued virtually. The favorable variance associated with the closure includes: \$6.0 million for student transportation, \$6.0 million for education technology which

encompasses a reduction in computers, equipment purchases, and implementation of ERP. Lastly, the remaining expenditure changes are \$2.0 million for substitutes, \$10.3 million for textbooks and support, \$1.7 million for travel related to professional development, and \$.5 million for instructional supplies and materials.

Other financing sources (uses) include contributions to the OPEB Trust of \$3.0 million and \$.06 million to the Pension Trust fund, which is offset by sale of capital assets for \$.07 million, which resulted in an overall general fund balance decrease of \$2.1 million. As a measure of liquidity, the General Fund unassigned fund balance was approximately \$83.3 million or 8.00 percent of total fund expenditures, while total fund balance represents 14.95 percent of that same amount. The unassigned fund balance is available for contingencies for unforeseen operational emergencies or investments in the future.

Capital Projects Fund

The Capital Projects Fund accounts for assets and transactions related to resources obtained and used for the acquisition, construction or improvement of capital facilities financed primarily through the County of Shelby bond issues. The available fund balance decreased by \$1.8 million compared to fiscal year 2019.

The fund balance of the Capital Projects Fund is typically used for unforeseen emergencies.

In fiscal year 2018, Shelby County Government provided the District an allocation of \$54.0 million to address capital needs. These funds are restricted for specific projects and may not be used for other purposes. The balance fluctuates year-to-year according to the type of funding agreements in place at the time.

In fiscal years 2019 and 2020, Shelby County Government approved allocations of \$90.2 million and \$40.0 million, respectively, for critical capital needs. Additional revenues include other local sources, such as insurance recovery and interest earnings. Thirty-four projects were completed during the fiscal year.

Categorically Aided Fund

The Categorically Aided Fund accounts for restricted funds received from various agencies, state and federal governments that are to be spent for specific purposes based on contractual agreements or grant applications. Revenues decreased by \$20.4 million and expenditures decreased by \$16.7 million primarily due to temporary closure of school operations in mid-March related to the global pandemic. Majority of the categorically aided funds will carry forward to fiscal year 2021 as the District submitted and received approval for waivers.

The Categorically Aided fund balances are mainly restricted or committed. The funds are either reserved for future program needs or encumbered commitments. The available fund balance decrease \$3.7 million from the previous year due to Special Revenue grants (non-federal programs). This decrease is due to schools spending down available fund balance to further enhance the tuition-based Extended Learning Opportunity Program (ELOP) prior to the pandemic.

Food Service Fund

The Food Service Fund is used to designate cafeteria transactions for preparing and serving school breakfasts and lunches; school day snacks; afterschool suppers and snacks; and summer meals. Revenue is provided from governmental agencies (primarily the U.S. Department of Agriculture), which is restricted for food services. These revenues are generally based on per meal rates and the number of meals served. The District is operating under the Community Eligibility Provision, where all students, regardless of income, can receive breakfast and lunch daily at no charge. Under Community Eligibility, the USDA reimbursement rate per meal is based upon the percentage of students who would be eligible for free meals without submitting a meal application. This formula resulted in all eligible breakfasts and lunches being reimbursed at 100 percent of the free meal rate, which is the highest reimbursement rate.

In comparing revenues from prior year, revenues decreased by \$26.3 million as breakfast and lunch participation declined from 24,460,027 to 12,798,727 in fiscal years 2019 and 2020, respectively.

Year-over-year expenditures decreased by \$12.5 million as operations closed in mid-March due to the pandemic. As a result, food service expenditures were reduced for the purchase of food, food supplies, and kitchen equipment. Special projects were also completed in fiscal year 2019 which reduced cost in fiscal year 2020, such as kitchen renovations and serving lines. The fund experienced a decrease of \$5.2 million in fund balance. The overall fund balance is \$40.5 million.

Proprietary Funds**Internal Service Funds**

The school district's internal service funds account for the Board's central services, government services, health self-insurance, and unemployment benefits. They provide the same type of information found in the government-wide financial statements (full accrual accounting based on economic substance of transactions), but in more detail. The net position increased by \$9.7 million primarily due to lower claims and offset by a transfer to the OPEB fund to supplement the cost of retiree insurance as the overall plan cost is developed on blended rates.

General Fund Budgetary Highlights

General operating revenues exceeded budget estimates by \$14.3 million. Additional key factors contributing to the revenue variance include:

- Shelby County revenues increased by \$6.1 million due to higher than expected local sales tax collections. Sales tax collections trended higher for the first half of the year due to legislation passed in July of 2019 for internet sales taxes. The last half of the year, sales taxes trended lower due to the economic impact of the pandemic.
- Revenues from the State of Tennessee increased by \$2.2 million relative to forecast due to \$3.5 million increase for Basic Education Program (BEP), offset by \$1.3 million decrease in Career Ladder Program and State Priority Grant funding.
- Higher than expected indirect cost revenues from grants and E-rate settlement account for \$4.3 million of the variance in the Federal Programs category.
- Revenue from other local sources increased by \$1.7 million due to the sale of donated stock received during fiscal year 2020.

The District experienced cost savings of \$31.0 million in expenditures compared to the budget due the global pandemic, delayed projects, attrition, lower encumbrances than prior year, and charter school enrollment. Other key factors contributing to the expenditure variance include:

- Encumbrances changed from prior year in the amount of \$12 million. Financial audits of purchases orders were completed to ensure compliance with policy 2006, ultimately ensuring congruence with all purchase order carryforwards.
- Employee benefit expenditures were under budget by \$3.1 million. The overall budget variance was largely due to attrition savings.
- Charter Schools allocates were lower than projected by \$3.9 million.
- Due to temporary school operations closing, there were savings related to electricity of \$2 million, substitute expenditures of \$.8 million, instructional supplies and materials of \$2.8 million, property maintenance \$.6 million, travel related to professional development of \$3 million, overtime of \$1.4 million, and contracts services of \$1.4 million.

Management Discussion and Analysis

Shelby County Board of Education

The District initially planned to use \$32.5 million of fund balance. However, the overall change in fund balance was only \$2.1 million resulting in excess fund balance of \$30.4 million. In preparation for fiscal year 2021, the District made fund balance assignments of \$30.6 million in fiscal year 2020 to prepare for remote learning resulting from the global pandemic. The comprehensive list of fund balance assignments includes the following:

- \$12.8 million for 1:1 device initiative;
- \$2.2 million non-reimbursable capital equipment;
- \$2.0 million for academic enrichment supports;
- \$1.0 million legal liability;
- \$.9 million for early start compensation;
- \$.5 million for property insurance;
- \$.4 million aspiring teachers;
- \$.4 million board allocations;
- \$7.6 million for carry forward purchase orders; and
- \$2.8 million inventory encumbrance

Capital Asset and Debt Administration

Capital Assets

The school district's investment in capital assets for its governmental activities as of June 30, 2020, amounts to \$1,010.1 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, intangibles, machinery, and equipment. Overall capital assets increased by 3.1 percent from fiscal year 2020 to fiscal year 2019. The increase is attributed to the completion of the new school construction, Parkway Village and deferred maintenance projects.

Condensed Statement of Capital Assets

	Governmental Activities		Percentage
	2020	2019	Change 2020 - 2019
Land	\$ 44,394,924	\$ 44,707,445	(0.7%)
Buildings and improvements	883,782,447	875,792,016	0.91%
Machinery and equipment	20,242,426	21,012,972	(3.67%)
Intangible assets	1,701,410	2,268,548	(25%)
Construction in progress	60,007,707	36,026,616	66.56%
Total	<u>\$ 1,010,128,914</u>	<u>\$ 979,807,597</u>	3.09%

Additional information on the school district's capital assets can be found in Note 8.

Economic Factors and Next Year's Budgets

Despite the unique and unprecedented challenges with the current COVID-19 pandemic, the District remains committed to supporting our schools now and in the future. This includes presenting a balanced general fund budget with significant investments in four key areas to strengthen outcomes for students: school and classroom supports, social and emotional support, early learning, and academic transformation and innovation. To allow for the instructional and student support investments, we've made efficiencies including eliminating non-mission-critical spending, reducing the amount of contracted services and eliminating vacant positions.

Student enrollment is the primary driver of instruction and school expenditure budgets. Shelby County Schools' (SCS) combined 20th day end-of-month enrollment, excluding ASD, is expected to decrease from 104,770 to 104,185 students. In fiscal year 2020-21, the SCS combined all funds budget is \$1.45 billion dedicated to the education of our students, which reflects an approximately \$19 million or 1 percent decrease in our total operations relative to the previous year's budget.

Our General Fund budget totals \$1,052.1 million, which represents an \$11.5 million or 1.1 percent decrease from the prior year amended budget of \$1,063.5 million. The General Fund budget includes \$5 million in planned use of fund balance. State statute requires the District to set aside three percent of next year's General Fund Expenditure Budget of \$1,052.1 million, which equates to \$26.1 million.

The General Fund budget includes almost \$47 million of high impact investments in support of student learning and academic achievement including \$2 million for the Summer Learning Academy, \$7.3 million in textbook adoptions, \$1.7 million in senior reading advisors, \$.75 millions in ACT Prep, \$1.1 million for national board stipends, \$14.5 million for schools' allocations, \$6.8 million in social workers and behavioral specialists, \$3.8 million in reset room and behavioral support in middle and high schools and \$8.9 million in academic transformations. These strategic investments are possible because the District continues to identify operational efficiencies, spend smarter with a focus on the highest academic return on investment, and use its General Fund balance in a strategic way.

In fiscal year 2020-21, Shelby County Schools continued to experience a shift in enrollment to charter schools. The State of Tennessee provides a share of Shelby County Schools' local and state funds to ASD and the State Board of Education charter school as a direct allocation from the Basic Education Program (BEP). In school year 2020-21, the ASD revenue allocation is projected to \$99.2 million.

The number of SCS authorized charter schools will remain flat at 56 schools for the school year 2020-21. SCS has experienced mounting financial pressures from the increase of charter schools. With a 6.5 percent increase in annual charter school enrollment, the charter school payment will climb by \$10.6 million in fiscal year 2020-21 additional classes and grades for existing charter schools, and two charter school closures. The charter schools will have an aggregate budget of \$173.3 million. Charter school payments will be the second largest expense behind instruction, therefore, it is prudent to evaluate investments in SCS authorized charter schools.

The financials of the District will be monitored throughout the fiscal year monthly, to evaluate risks and opportunities due to the impact of the pandemic and economy. Students are continuing to learn virtually as the District continued to invest in the on-going success of our students.

Requests for Information

This financial report is designed to provide a general overview of the school district's finances for all those with an interest in the government's finances. **RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT
OF REVENUES, EXPENDITURES, AND CHANGES IN FUND
BALANCES TO THE STATEMENT OF ACTIVITIES
For the year ended June 30, 2020**

**SHELBY COUNTY
BOARD OF EDUCATION**

Amounts reported for governmental activities in the statement of activities are different because:

Total net change in fund balances - total governmental funds (page 50)	\$	(12,894,983)
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. (Does not include cash proceeds)		
Capital outlay	\$	90,078,870
Depreciation expense		<u>(48,761,128)</u>
		41,317,742
Capital assets used in governmental activities are not reported as assets. The gain or loss on the disposal of the assets are also not reported.		
Disposal of capital assets		(9,268,066)
Impairment expense		<u>(1,728,359)</u>
		(10,996,425)
On the statement of activities the actual and projected long term expenditures for post employment benefits are reported, whereas on the governmental funds only the actual expenditures are recorded for post employment benefits.		
		(23,836,528)
On the statement of activities the actual and projected long term expenditures for local pension benefits are reported, whereas on the governmental funds only the actual expenditures are recorded for local pension benefits.		
		19,136
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. The change in compensated absences totaled:		
		(180,761)
An internal service fund is used by the Board's management to charge the costs of central services, government services, self-insurance health and unemployment claims to the individual funds. The net revenue of the internal service fund is reported with governmental activities.		
		9,662,763
Recognition of unavailable revenue from Shelby County, City of Memphis, and the Municipalities increased the Board's receivable from these entities. This amount is the net change during the period.		
		10,977,204
Governmental funds report district pension contributions as expenditures. However, in the Statement of Activities, the cost of pension benefits earned net of employee contributions is reported as pension expense.		
		44,991,426
Governmental funds report local pension contributions as expenditures. However, in the Statement of Activities, the contributions made during the fiscal year are shown as contributions after the measurement date of June 30, 2019 and not reflected as expenses on the Statement of Activities.		
		57,994
Governmental funds report district OPEB contributions as expenditures. However, in the Statement of Activities, the contributions made during the fiscal year are shown as contributions after the measurement date of June 30, 2019 and not reflected as expenses on the Statement of Activities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Determination of the Reporting Entity

The Shelby County Board of Education (the Board) is a component unit of Shelby County Government (the County), which is defined as the Primary Government when defining the Reporting Entity. In determining the reporting entity, the Board was determined to be a component unit based upon its financial accountability as a result of fiscal dependency on the County of Shelby and a financial benefit or burden relationship. The County levies taxes for the Board, approves its operating budget, is legally obligated to provide financial support, and issues debt for its capital projects. Therefore, the financial statements of the Board are included in the financial statements of the County of Shelby, TN, as a discretely presented governmental component unit.

Financial activities of the Board are recorded in the individual funds described below, each of which is deemed to be a separate accounting entity. The financial affairs and operations of each fund are accounted for in separate self-balancing entity accounts, which represent the funds' assets, liabilities, equity, revenue and expenditures.

Governmental Accounting Standards

The financial statements of the Board have been prepared in accordance with generally accepted accounting principles (GAAP) followed in the United States of America. In the United States, the Governmental Accounting Standards Board (GASB) is the established and recognized standard-setting body for governmental accounting and financial reporting. The GASB periodically issues new or revised standards that are implemented by the Board.

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting entity as a whole. They include all funds of the reporting entity except for fiduciary funds. Activities are generally financed through a share of tax revenue collected by Shelby County, grants, and other non-exchange revenues. For the most part, the effect of internal activity has been removed from these statements in the process of consolidation, with the exception of interfund services provided and used.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. General revenues include internally dedicated resources, non-specific grants and contributions, and investment earnings.

Fund Financial Statements

Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Board or meets the following criteria:

- a. The total of assets and deferred outflows of resources, the total of liabilities and deferred inflows of resources, revenues, or expenditures/expenses of that individual fund are at least 10 percent of the corresponding total for all funds of that category or type; and

- b. The same element(s) that met the 10 percent criterion in (a) is at least 5 percent of the corresponding element total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the general purpose and Chief Operating Fund of the school district used to account for the ordinary operations and financial resources not accounted for in any other fund. Taxes, state equalization funding, and other general revenues finance the operations.

Special Revenue Funds

Transactions related to resources obtained and used under certain federal and state programs and from other sources, upon which legal restrictions are imposed, are accounted for in Special Revenue Funds. The Special Revenue Funds are:

Categorically Aided Fund: The Board receives funds from various agencies, state and federal governments that are to be spent for specified purposes based upon contractual agreements or grant applications. Thus, the funds are restricted, and the Categorically Aided Fund is used to keep these funds segregated from other funds.

Food Service Fund: This fund is used to account for the operations of the cafeterias in preparing and serving regular and incidental meals, breakfast, lunches, and snacks in connection with non-instructional services. Revenue is provided primarily from governmental agencies, which is to be spent specifically for the cafeterias. Thus, the funds are restricted, and the Food Service Fund is used to keep these funds segregated from other funds.

Capital Projects Fund

Transactions for intangibles and resources obtained and used for the acquisition, construction or improvement of capital facilities are accounted for in the Capital Projects Fund.

Proprietary Funds

Internal Service Funds

Internal Service Funds account for central and other government services, health insurance, life insurance, and unemployment services provided to other funds of the Board or the Achievement School District that are funded through charges for services, and employee and Board contributions.

Achievement School District – Services to support the Achievement School District including transportation, facilities, and special education services.

Central Services – Central Service Operations include printing and supply chain management services to the district.

Insurance – Insurance Fund accounts for the school district’s self-insurance for health and premiums for life insurance benefits for school district employees, and their dependents.

Unemployment Compensation – Unemployment Compensation accounts for the school district’s self-insurance for unemployment benefits which may be due for employment benefits for school district employees.

Fiduciary Funds (Not included in government-wide statements)

Trust and Agency Funds consist of the following:

Pension Trust Fund – Retirement Fund: Transactions related to resources held in a fiduciary capacity as agent for participants in the Retirement System of the Shelby County Board of Education are accounted for in the Retirement Fund. See Note 7 for additional information regarding this retirement plan.

OPEB Trust Fund – Transactions related to resources held in a fiduciary capacity as agent for insurance benefits for retirees and their dependents.

Agency Fund

- a. *Internal School Fund* – Transactions related to resources held in a fiduciary capacity as agent for the general school population, or in some cases, for a specific segment of the school population, are recorded in the Internal School Fund.
- b. *Flexible Spending Account* – Transactions related to resources held in a fiduciary capacity as agent for participants in the flexible spending and dependent care programs are recorded in this fund.

Agency funds are purely custodial and thus do not involve measurement of results of operations.

Major and Non-Major Funds

The General Fund, Capital Project Fund, Categorically Aided Fund, and Food Service Fund are classified as major funds. See above for descriptions.

Measurement Focus

Measurement Focus is a term used to describe which transactions are recorded within the various financial statements.

The government-wide financial statements are presented using the economic resources measurement focus as defined in item (b) below.

In the fund financial statements, the “Current Financial Resources” measurement focus or the “Economic Resources” measurement focus is used as appropriate:

- a. All governmental funds utilize a “Current Financial Resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources at the end of the period.

- b. The proprietary and fiduciary funds utilize an “Economic Resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows (only for proprietary fund). All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary and fiduciary fund equities are classified as net position.
- c. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Budgeting and Budgetary Control

Revenue and expenditures accounted for in all funds, with the exception of the health insurance and unemployment funds, are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements that govern the Board’s operations. The budgetary basis of accounting differs from generally accepted accounting principles because encumbrances have been recorded as expenditures. The District’s operating budget is subject to approval by the Board of Education and the Shelby County Board of Commissioners.

The District cannot exceed the total budgeted expenditures. The District can amend its operating budget between line items if the amendment does not increase the total budget. However, line item transfers from salaries and benefits to operations and maintenance accounts and from other restricted budgets/allocations as provided in policy are not permitted. The Superintendent or his designee is authorized to transfer budget amounts between line items of the same state functional classification and within the same major object type, i.e., salaries and benefits or discretionary accounts. Budget revisions that increase the balance of a fund are taken by resolution before the Board and the Shelby County Board of Commissioners for approval.

Basis of Accounting

The government-wide financial statements are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

The fund financial statements, General, Special Revenue and Capital Projects Funds, are prepared on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual, which is defined as being both measurable and available to finance expenditures of the fiscal period. Expenditures are recognized on the modified accrual basis which is defined as measurable and when the related liability is incurred. When both restricted and unrestricted resources are available for use, it is the Board’s policy to use restricted resources first, then unrestricted resources as they are needed. Revenue susceptible to accrual under the modified accrual basis:

- a. In determining availability, the Board considers property taxes associated with the current fiscal year to be available if they are collected within 30 days of the current fiscal year and sales taxes to be available if collected within two months of the end of the current fiscal year. The Board considers wheel taxes from the County associated with the current fiscal year to be available within one year of the end of the current fiscal year.

- b. Grants and subsidies from other governments, to the extent measurable and available are recognized as revenue as soon as all the eligibility requirements by the provider have been met.
- c. Interest earned on investments as of year-end.

The proprietary funds, pension and OPEB trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenue is recorded as earned and expenses are recorded when the liability is incurred, or economic asset used. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. All other revenue is considered non-operating revenue. The agency funds utilize the accrual basis of accounting for reporting of assets and liabilities only. For budgetary reporting purposes, the encumbrance method of accounting for expenditures is used for the General, Special Revenue and Capital Projects Funds. Under this method, commitments represented by purchase orders, contracts and repair authorizations, except for those related to inventory purchases, are recorded as expenditures in addition to actual expenditures incurred.

Outstanding encumbrances are classified as "Fund Balance – Assigned or Restricted" in the various funds. These amounts have been excluded from expenditures in all accompanying financial statements except for the statement which shows comparisons between actual expenditures (including encumbrances) and related budgeted amounts.

Receivables

Receivables consist primarily of grant funds receivable from the Federal Government and the State of Tennessee, and property taxes receivable from the City of Memphis and Shelby County. Outstanding balances between funds are reported as "due to/from other funds." Transfers between funds are used to ensure current operations and programs are not interrupted.

Inventories

General Fund inventories consist of textbooks, maintenance and school supplies. Food Service Fund inventories consist of food and cafeteria supplies. Inventories are considered expenditures when issued from the central warehouse to the schools except food items, which are considered expenditures when issued (used) by the individual schools (Consumption Method). Inventories are reported in the balance sheet at average cost and are offset by a Fund Balance reserve of a like amount. Inventories in the Agency Fund are stated at cost determined by the first-in, first-out method.

Realty and Personal Property Taxes

The Board recognizes as revenue its net share of realty and personal property taxes collected by Shelby County (see Basis of Accounting above). The Board does not have any taxing authority. Consequently, it relies on a share of realty and personal property taxes collected by Shelby County. The Shelby County tax levy of \$4.05 per \$100 of assessed value included \$1.96 for county schools. Property taxes attach an enforceable lien on property on January 1 of each year. The levy is made July 1. Taxes are due October 1 and delinquent March 1 of the following year.

Cash Equivalents

Shelby County maintains a cash pool, of which the County Trustee is custodian. This pool is generally available for use by all Shelby County funds and related entities. At fiscal year-end, cash and cash equivalents include amounts in the pool and demand deposits at various financial institutions. The Board considers all highly liquid investments with maturities of three-months or less when purchased to be cash equivalents.

Investments

State statutes authorize the County Trustee to invest in obligations of the U.S. Treasury, obligations issued or guaranteed by the U.S. Government agency, certificates of deposits at Tennessee and federal chartered banks and savings and loan associations, repurchase agreements utilizing obligations of the United States or its agencies as underlying securities, prime banker's acceptances and prime commercial paper. The maximum maturity is two-years. The District's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The District uses valuation technique(s) that best represents fair value in the circumstances using one of the three approaches: Market, Cost, or Income.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a section for deferred inflow of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) will not be recognized as an inflow of resources (revenue) until that time. The Board has two types of items which arises under the modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item unavailable revenue is reported only in the governmental fund balance sheet. The Board reports unavailable revenue from a settlement with the City of Memphis and advanced funding for capital improvement programs. The amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis of accounting, deferred amounts related to pensions are reported only on the Statement of Net Position and represent benefits that apply to future periods and so will not be recognized until that time.

Pensions

Net Pension Liability (Assets) are reported in the government-wide financial statement.

For purposes of measuring the Net Pension Liability (Assets) the following have been determined on the same basis as they are reported by the TCRS: deferred outflows of resources, deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of Teacher Legacy Pension Plan for teachers, Public Employee Retirement Plan for non-teachers and the Teacher Retirement Plan in the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from plan's fiduciary net position. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Legacy Pension Plan for teachers, the Public Employee Retirement Plan for non-teachers and the Teacher Retirement Plan of TCRS. Investments are reported at fair value.

Capital Assets

Capital Assets, which include land, buildings and improvements, machinery and equipment, intangibles and construction in progress, are reported in the government-wide financial statements.

Capital Assets are valued at historical cost or estimated historical cost if actual is unavailable. Estimated historical cost was used to value the majority of the assets acquired prior to June 30, 2001. Donated Capital Assets are reported at fair value and on a go-forward basis newly acquired donated Capital Assets will be reported at acquisition value. The District capitalizes assets with an initial cost of \$5,000 or more. As a result of the merger, the District is carrying some items that do not meet the criteria because the former Memphis City Schools also capitalized sensitive items regardless of cost.

Depreciation of all exhaustible Capital Assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

- Buildings and Improvements 10-50 years
- Intangibles 5-10 years
- Machinery and Equipment 5-20 years

Long-Term Obligations

All long-term obligations to be repaid from governmental resources are reported as liabilities in the government-wide financial statements. Long-term obligations consist primarily of accrued compensated absences, pension, and other post-employment benefits.

Compensated Absences

The liability for accrued vacation is recorded as incurred in the government-wide and proprietary fund financial statements. The current portion of this obligation is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources and only the absences which have matured and are probable to be paid (i.e., unused reimbursable leave still outstanding following an employee's resignation

or retirement). In governmental funds no expenditure would be recognized for unpaid balances of compensated absences for an employee still in active service at the end of the reporting period.

Equity Classifications

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- a. Net Investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net position – Consists of net positions with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net positions that do not meet the definition of “restricted” or “net investment in capital assets”.

Governmental Fund Balances are reported, in accordance with Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, as either Non-spendable, Restricted, Committed, Assigned and/or Unassigned.

- Non-spendable Fund Balance includes amounts that are not in a spendable form such as inventory, prepaid amounts and the long-term amounts of loans and notes receivable, or are legally or contractually required to be maintained intact.
- Restricted Fund Balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling legislations. Restrictions may be changed or lifted only with the consent of the resource providers.
- Committed Fund Balance includes amounts that can be used only for the specific purposes determined by formal action (adoption of a resolution) of the Shelby County Schools Board members, the Board’s highest level of decision making authority. Commitments may be changed or lifted only by the Shelby County Schools Board members taking the same formal action (adoption of a resolution) that imposed the constraint.
- Assigned Fund Balance includes amounts that the Board intends to use for a specific purpose, but are not restricted or committed. The intent shall be expressed by resolution of the Shelby County Board of Education or official to which the Board has delegated the authority, such as the Superintendent or his designee (e.g. legal contingencies).
- Unassigned Fund Balance is the residual classification for the General Fund and General Purpose School Fund. It includes amounts that are not contained in the other classifications. Unassigned amounts are the portion of fund balance that is not obligated or specifically designated and is available for any purpose. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed

or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

Minimum Fund Balance Policy

Shelby County Board of Education believes sound financial management principles require sufficient funds be retained by the District to provide a stable financial base at all times. To retain this stable financial base, the District needs to maintain a general fund balance sufficient to fund all cash flows of the District, to provide financial reserves for unanticipated expenditures and/or revenue shortfalls of an emergency nature, and to provide funds for all existing encumbrances.

The total fund balance restricted for education in the General Fund will be maintained at a level not less than required by Tennessee Code Annotated (TCA) 49-3-352. Should the Restricted Fund Balance amount fall below the required level, the Board must approve and adopt a plan to restore this balance to the required level within 24 months. If restoration of the Restricted Fund Balance cannot be accomplished within such period without severe hardship to the District, the Board will establish a different time period.

To maintain and protect the long term financial capacity of SCS, the fund balance and reserves in the General Fund should be at a level that supports the attainment of District long-range goals. To that end, the District will maintain a target unassigned general fund balance of approximately 8 percent -15 percent of General Fund expenditures.

- **Use of General Fund Balance in Excess of Minimum:** An unassigned general fund balance in excess of the target 15 percent may be retained in the unassigned general fund and/or utilized for (1) one-time expenditures without any reoccurring operating costs; and/or (2) planned small use of fund balance to avoid the requirement of a significant budget adjustment once fund balance is below target percentage.
- **Restoring General Fund Balance Level:** Should the actual amount of the unassigned general fund balance fall below the targeted range; the Board shall act to restore the balance to the appropriate levels within 24 months. Actions to restore such balance shall be based on a plan provided by the Superintendent for reductions in expenditures and/or increases in revenue.

Order of Expenditure of Funds

In accordance with Governmental Accounting Standards Board Statement No. 54, when multiple categories of fund balances are available, such as restricted and unrestricted resources in the General Fund, Capital Projects Fund, and Special Revenue Funds, the District will start spending from the most restricted category first. The District will spend unrestricted fund balance in the following order, committed funds first, followed by assigned fund balance, and then unassigned fund balance.

Other Post-Employment Benefits

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Board's OPEB Plan and additions to/deductions from the OPEB Plan fiduciary' net position have been determined on the same basis as they are reported by the Board's OPEB Plan. For this purpose, the Board recognizes benefit payments when due and payable in accordance with the benefit terms.

Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Reclassifications

For comparability, certain prior year amounts have been reclassified where appropriate to conform to the presentation in the current year.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and net position or fund balances. Estimates also affect the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents (excluding fiduciary funds) totaled \$168,226,678 at June 30, 2020 and consist of demand deposits and deposits in the State Treasurer's investment pool.

Cash and Cash Equivalents include cash on hand, demand deposits, savings accounts and short-term investments with maturities of three months or less at the time of purchase. The County pools substantially all of its cash and cash equivalents. The Board owns a pro rata share in the pool. Investment earnings of the pool are allocated monthly to each fund based upon the average balance.

Deposits with the State Treasurer's Local Government Investment Pool (LGIP) may be withdrawn with a maximum of one day's notice, are classified as cash equivalents and are valued at cost. The LGIP is not registered with the SEC as an investment company. However, the LGIP has a policy that it will – and does – operate in a manner consistent with the SEC's Rule 2a-7 of the Investment Company Act of 1940. Rule 2a-7 allows SEC-registered mutual funds to use amortized cost rather than fair value to report net assets to compute share prices if certain conditions are met. State statutes require the State Treasurer to administer the LGIP under the same terms and conditions, including collateral requirements, as required for other funds invested by the Treasurer. The reported value of the pool is the same as the fair value of the pool shares.

At June 30, 2020, the deposits held were \$184,364,202. The cash of the Fiduciary funds are not included here because the amounts are held in a trust or an agency capacity.

	Shelby County Trustee	Total Cash and Cash Equivalents
LGIP	\$ 176,676,051	\$ 176,676,051
Liquid CDARs-Landmark	5,278,142	5,278,142
Cash-Regions	2,410,009	2,410,009
	<u>\$ 184,364,202</u>	<u>\$ 184,364,202</u>

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENT

Investments as of June 30, 2020, are recorded at fair value and consist of the following:

Investment Type	General Fund	Proprietary Funds	Food Service Fund	Categorically Aided Fund	Fiduciary Funds	Internal School Fund	Total
CDARS	\$ 9,643,739	\$ 2,553,652	\$ 2,599,232	\$ 324,940	\$ 7,284	\$ -	\$ 15,128,847
CDs	12,250,459	3,543,910	3,301,809	412,772	9,253	-	19,518,203
Commercial Paper	8,642,797	2,288,606	2,329,453	291,214	6,528	-	13,558,598
Common stocks	-	-	-	-	431,737	-	431,737
Alternative Investments	-	-	-	-	5,092,549	-	5,092,549
Mutual Funds	2,774,423	-	-	-	42,163,977	-	44,938,400

	<u>\$ 36,199,084</u>	<u>\$ 8,386,168</u>	<u>\$ 8,230,494</u>	<u>\$ 1,028,926</u>	<u>\$ 89,465,819</u>	<u>\$ 56,669</u>	<u>\$ 143,367,160</u>

Custodial Credit Risk:

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the county will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Pursuant to the trust agreement, investments are held in the name of the trust for the benefit of the Board to pay retirement benefits for the teachers of Shelby County Board of Education.

Bank deposits and certificates of deposit (cash and investments) of the County, consistent with State statutes, are covered by federal depository insurance (FDIC) or are collateralized by a multiple financial institution collateral pool administered by the Treasurer of the State of Tennessee. On limited occasions the County may have deposits with financial institutions that do not participate in the State collateral pool; in these instances, separate collateral equal to at least 105 percent of the uninsured deposit is collateralized and held in the County's name by a third party.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Both State statutes and County's investment policy limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Both State statutes and the County's investment policy limit investment permissible investments or impose collateral and custody provisions as specified above.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the county's investment in a single issuer. The Board places no limit on the amount the county may invest in one issuer.

The County Trustee invests monies on behalf of the Board. Investments are stated at fair value. Fair value is based on quoted market prices, if available, or estimated using quoted market prices for similar securities. State statutes authorize the County Trustee to invest in obligations of the U.S. Treasury, obligations issued or guaranteed by any U.S. Government agency, certificates of deposits at Tennessee and federal chartered banks and savings and loan associations, repurchase agreements utilizing obligations of the United States or its agencies as underlying securities, prime banker's acceptances and prime commercial paper. The maximum maturity is two years.

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described below:

- Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities the Shelby County Board of Education has the ability to access.
- Level 2 – Inputs (other than quoted prices within Level 1) such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or other inputs that can be corroborated by observable market data.
- Level 3 – Inputs which are unobservable for the asset or liability and rely on management’s own assumptions that market participants would use in pricing the asset or liability.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the Shelby County Board of Education utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2020.

For the Shelby County Board of Education, Level 1 investments are valued using prices quoted in active markets for those investments. Level 2 investments are valued based on the investments relationship to benchmark quoted prices. Level 3 investments are valued using either a discounted cash flow or market comparable techniques.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Shelby County Board of Education believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

Shelby County Board of Education has the following recurring fair value measurements as of June 30, 2020:

Investments Measured at Fair Value (\$ in millions)	Fair Value Measurements			Total 6/30/2020
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	
Investments by Fair Value Level				
CDARS	\$ 15.13	\$ -	\$ -	\$ 15.13
CDs	19.52	-	-	19.52
Commercial paper	-	-	13.56	13.56
Alternative Investments	-	-	5.09	5.09
Mutual Funds	44.94	-	-	44.94
Exchange-traded and closed-end funds	19.75	-	-	19.75
Short term investments	0.06	21.77	-	21.83
Common stocks	0.43	-	-	0.43
U.S. Fixed Income	-	1.42	-	1.42
Real Estate	-	-	0.57	0.57
Total investments measured at fair value	\$ 99.83	\$ 23.19	\$ 19.22	\$ 142.24
Strategic Lending	-	-	1.13	1.13
	\$ 99.83	\$ 23.19	\$ 20.35	\$ 143.37

The Board invests in various fixed income debt securities such as agency securities and corporate bonds. Credit quality distributions for investments in fixed income debt securities, with credit risk as a percentage of total investment for the Retirement Fund (Moody's) are as follows as of June 30, 2020:

		Retirement Fund
Aaa	62.69%	\$ 182,402
A1	8.70%	25,305
A2	7.03%	20,462
A3	7.25%	21,103
Baa1	7.25%	21,092
Baa2	7.08%	20,610
		\$ 290,974

The Board limits its exposure to Interest Rate Risk by diversifying its investments by security type and institution.

TCRS Stabilization Trust

Legal Provisions. The Shelby County Board of Education is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. Shelby County Board of Education has placed funds into the irrevocable trust as authorized by statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for

the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the Board.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Board may not impose any restrictions on investments placed by the trust on their behalf.

Investment Balances. Assets of the TCRS, including the Stabilization Reserve Trust, are invested in the Tennessee Retiree Group Trust (TRGT). The TRGT is not registered with the Securities and Exchange Commission (SEC) as an investment company. The State of Tennessee has not obtained a credit quality rating for the TRGT from a nationally recognized credit ratings agency. The fair value of investment positions in the TRGT is determined daily based on the fair value of the pool's underlying portfolio. Furthermore, TCRS had not obtained or provided any legally binding guarantees to support the value of participant shares during the fiscal year. There are no restrictions on the sale or redemption of shares.

Investments are reported at fair value or amortized which approximates fair value. Securities traded on a national exchange are valued at the last reported sales price. Investment income consists of realized and unrealized appreciation (depreciation) in the fair value securities and securities transactions are recorded in the financial statements on a trade-date basis. The fair value of assets of the TRGT held at June 30, 2020, represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

Where inputs used in the measurement of fair value fall into different levels of the hierarchy, fair value of the instrument in its entirety is categorized based on the lowest level input that is significant to the valuation. This assessment requires professional judgement and as such management of the TRGT developed a fair value committee that worked in conjunction with the plan's custodian and investment professionals to make these valuations. All assets held were valued individually and aggregated into classes so to be represented in the table below.

Short-term securities generally include investments in money market-type securities reported at cost plus accrued interest.

Equity and equity derivative securities classified in Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Equity and equity derivative securities classified in Level 2 are securities whose values are derived daily from associated traded securities. Equity securities classified in Level 3 are valued with last trade data having limited trading volume.

US Treasury Bills, Bonds, Notes and Futures classified in Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Debt and debt derivative securities classified in Level 2 are valued using a bid-ask spread price from multiple independent brokers, dealers, or market principals, which are known to be actively involved in the market. Level 3 debt securities are valued using proprietary information, a single pricing source, or other unobservable inputs related to similar assets or liabilities.

Real estate investments classified in Level 3 are valued using the last valuations provided by external investment advisors or independent external appraisers. Generally, all direct real estate investments are appraised by a qualified independent appraiser(s) with the professional designation of Member of the Appraisal Institute ("MAI"), or its equivalent, every three (3) years beginning from the acquisition date of

the property. The appraisals are performed using generally accepted valuation approaches applicable to the property type.

Investments in private mutual funds, traditional private equity funds, strategic lending funds and real estate funds that report using GAAP, the fair value, as well as the unfunded commitments, were determined using the prior quarter's NAV, as reported by the fund managers, plus the current cash flows. These assets were then categorized by investment strategy. In instances where the fund investment reported using non-GAAP standards, the investment was valued using the same method, but was classified in Level 3.

At June 30, 2020, the Board had the following investments held by the trust on its behalf.

Asset Class	Percentage Target Allocations	Stabilization Trust Allocation
U.S. Equity	31%	\$ 1,755,247
Developed Market International Equity	14%	792,693
Emerging Market International Equity	4%	226,484
Private Equity and Strategic Lending	20%	1,132,418
U.S. Fixed Income	20%	1,132,418
Real Estate	10%	566,209
Short-term Securities	1%	56,621
Total	100%	<u>\$ 5,662,090</u>

Risks and Uncertainties. The trust's investments include various types of investment funds, which in turn invest in any combination of stock, bonds and other investments exposed to various risks, such as interest rate, credit, and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported for trust investments.

For further information concerning the Board's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained at <https://comptroller.tn.gov/content/dam/cot/sa/advanced-search/disclaimer/2020/aq19091.pdf>.

NOTE 4 – DISCOUNTED ACCOUNTS RECEIVABLE

The Board reached agreements with each of the municipal school districts whereby payments over a twelve-year period beginning November 2014 are to be submitted to the Board to reduce OPEB obligations incurred as of May 31, 2014. The \$11,943,594 discounted value of the payments, utilizing a 2.00 percent discount rate, is included in due from other governments in the government-wide statements.

The former Memphis City Schools obtained a judgment in the amount of \$57.4 million dollars from the City of Memphis in 2009. A settlement agreement was reached by both parties in January 2015. The Board has deferred inflows of \$27,427,913, remaining at the fund level, of which \$12,206,745 is

discounted based on the settlement agreement utilizing a 2.00 percent discount rate. Please see Note 15 for additional information.

NOTE 5 – ACCOUNTS PAYABLE AND OTHER ACCRUED LIABILITIES

Payables as of year-end for the School Board's individual major funds disaggregated are as follows:

	General Fund	Capital Projects Fund	Food Service Fund	Categorically Aided Fund	Total Governmental Funds
Accounts payable	\$ 6,727,723	\$ 4,925,182	\$ 327,686	\$ 3,732,429	\$ 15,713,020
Accrued payroll and payroll deductions	41,256,881	-	134,274	2,533,596	43,924,751
Accrued vacation	191,910	-	-	-	191,910
Total	\$48,176,514	\$ 4,925,182	\$ 461,960	\$ 6,266,025	\$ 59,829,681

NOTE 6 – GENERAL LONG-TERM OBLIGATIONS

The Board of Education is fiscally dependent on the County of Shelby for the issuance of debt for its capital projects.

The following is a summary of changes in general long-term obligations for the year June 30, 2020:

	Balance July 1, 2019	Additions	Payments and Retirements	Balance June 30, 2020	Due Within One Year
Net OPEB Liability	\$ 941,087,000	\$ -	\$ 61,727,000	\$ 879,360,000	\$ -
Pension Benefits	196,584	-	15,521	181,063	-
Compensated Absences	11,996,879	1,566,132	1,446,053	12,116,958	1,438,869
	\$ 953,280,463	\$ 1,566,132	\$ 63,188,574	\$ 891,658,021	\$ 1,438,869

Board employees are granted vacation and sick leave in varying amounts in accordance with administrative policy. A maximum of thirty-five vacation days may be accumulated for non-teacher employees. In the event of termination, an employee is reimbursed for accumulated vacation days. Employees are not reimbursed for accumulated unused sick leave upon retirement; however, such accumulated sick leave is credited to time in service in computing retirement benefits.

The Board accrues vacation benefits in the governmental funds only to the extent that there are pending payouts of unused leave owed to inactive employees as of the end of the reporting period.

For the governmental activities, the other obligations are generally liquidated from the following:

Net pension liability	Fund incurring the related employees' compensation, primarily the General Fund
Other postemployment benefits obligation	Primarily the General Fund
Compensated absences	Fund incurring the related employee's compensation, primarily the General Fund

NOTE 7 – RETIREMENT PLANS

A. Local Plan

Plan Description

Plan Administration. The Retirement Fund accounts for the activities of the Retirement System of the Board of Education of the Shelby County Schools (the Local Plan), a single-employer defined benefit plan. The District does not issue a stand-alone financial report for the plan. The accounting records are maintained, and pension benefits are processed by employees of the Board. Management of the plan assets is outsourced to Strategic Assets, an investment management company. The authority to amend benefit terms resides with the governing body of the Board of Education of Shelby County Schools.

Plan Membership. At June 30, 2020, local pension plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	9
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members	-
	9

The Local Plan was closed to new members effective December 31, 1957, and all present participants are fully vested.

Benefits Provided. The Board paid net benefits of \$148,992 (\$197,427 net of \$48,435 reimbursements from the state) for employees covered by the Local Plan for the year ended June 30, 2020. As provided by State law, the State of Tennessee Consolidated Retirement System (TCRS) pays the Local Plan for distribution to its retired participants amounts necessary to equalize retiree benefits as if they had retired with TCRS benefits. Contributions to the Local Plan from the TCRS were \$48,435 during the year ended June 30, 2020. The on-behalf payments of fringe benefits and salaries provided by TCRS for the local retirees were recognized as revenues and expenses.

Benefit terms provide for annual cost-of-living adjustments to each member's retirement allowance subsequent to the member's retirement date. These cost-of-living adjustments are correlated with the adjustments made by the TCRS.

Contributions. Employees were required to contribute five percent of their individual compensation for the first thirty-five (35) years of service. The Board’s annual contribution could not be less than the aggregate employee contributions.

Investments

Investment Policy. The pension plan’s policy in regard to the allocation of invested assets is established and may be amended by the Board by a majority vote of its members. It is the policy of the Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes.

Concentrations. As of June 30, 2020, the pension plan held five percent or more of the plan’s fiduciary net position (other than issued or explicitly guaranteed by the U.S. government) in the following:

Ishares Russell 2000 ETF	8.20%
Ishares Russell Midcap ETF	8.48%

Rate of return. For the year ended June 30, 2020, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense was a negative 21.36 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The pension plan reported no receivables from long-term contracts with the Board for contributions. The pension plan had no allocated insurance contracts that are excluded from pension plan assets. The pension plan had no reserves and no deferred retirement option program.

The target allocation and best estimates of geometric real rate of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	10-Year Expected Geometric Real Rate of Return
U.S. Equity - large cap	30.0%	13.24%
U.S. Equity - mid cap	20.0%	10.36%
Fixed Income	40.0%	3.32%
Cash	10.0%	0.00%
Total Fund	100.0%	

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 8.07 percent.

Net Pension Liability of the Board

The components of the net pension liability of the Board at June 30, 2020 were as follows:

Total pension liability	\$ 1,017,382
Plan fiduciary net position	(836,319)
Board's net pension liability	<u>\$ 181,063</u>

Plan fiduciary net position as a percentage of the total pension liability 82.20%

The Board contributes the actuarial determined contribution to the plan, does not have a payable to the local plan, and does not receive support from a non-employer contributing entity through contributions made directly to the pension plan.

The changes in the net pension liability for the current fiscal year are included in the schedule below:

Schedule of changes in the net pension liability

	<u>2020</u>
Total pension liability	
Service cost	
Interest	\$ 52,265
Changes in benefit terms	-
Differences between actual and expected experience	(4,776)
Change of assumptions	-
Benefit payments, including refunds of employee contributions	(148,992)
Net change in total pension liability	<u>(101,503)</u>
Total pension liability - beginning	<u>1,118,885</u>
Total pension liability - ending (a)	<u>1,017,382</u>
Plan fiduciary net position	
Contributions - employer	57,994
Contributions - employee	-
Net investment income	5,016
Benefit payments, including refunds of employee contributions	(148,992)
Administrative expense	-
Other	-
Net change in plan fiduciary net position	<u>(85,982)</u>
Plan fiduciary net position - beginning	<u>922,301</u>
Plan fiduciary net position - ending (b)	<u>836,319</u>
Net pension liability (asset) - ending (a) - (b)	<u>\$ 181,063</u>

Deferred outflows of resources and deferred inflows of resources. For the year ended June 30, 2020, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net differences between projected and actual earnings on pension plan investments	\$ 19,136	\$ -
Contributions subsequent to the measurement date of June 30, 2020	57,994	-
Total	\$ 77,130	\$ -

Contributions. For the year ended June 30, 2020, the employer contribution for the Local Plan was \$57,994. By policy, employer contributions are required to be paid at no less than one hundred percent. The employer's ADC are expected to finance the cost of benefits earned by members during the year.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2021	\$ (8,138)
2022	8,882
2023	10,628
2024	7,764
Thereafter	-

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation as of June 30, 2020 (the measurement date), using the following actuarial assumptions applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	N/A
Investment rate of return	5.00 percent, net of pension plan investment expense, including inflation
Municipal bond index rate	2.21 percent
Single equivalent interest rate	5.00 percent

Discount Rate. The discount rate used to measure the total pension liability was 5.00 percent, which remained unchanged from the prior measurement date. The projection of cash flows, used to determine the discount rate, assume Employer contributions will be made equal to the actuarially determined contribution amounts. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, based

on the GASB 67 provisions, the long-term expected rate of return on pension plan investments of 5.00 percent was applied to all periods of projected benefit payments to determine the total pension liability.

For the year ended June 30, 2020, Shelby County Unified School District recognized pension expense of \$12,747.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the System, calculated using the discount rate of 5.00 percent, as well as what the System’s net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (4.00 percent) or one-percentage-point higher (6.00 percent) than the current rate:

	1% Decrease (4.00%)	Current Discount Rate (5.00%)	1% Increase (6.00%)
Shelby County School's net pension liability	\$276,141	\$181,063	\$102,072

Deaths After Retirement. The Mortality Rates are the same as those used by TCRS. They are based on RP-2014 White Collar for Annuitants multiplied by 111 percent for males and 98 percent for females and include projections of future mortality improvements for 6 years beyond the valuation date from the 2006 base year using Scale MP-2019. Representative values of the assumed rates of deaths after service retirement are shown as follows:

Age	Male	Female
65	0.8806%	0.6780%
70	1.3895%	1.0207%
75	2.3377%	1.6741%
80	4.1145%	2.9864%
85	7.6472%	5.5762%
90	14.2746%	10.4083%
95	23.4200%	17.7632%
100	34.7628%	27.3965%

B. Tennessee Consolidated Retirement System (TCRS) – Non-teachers

1. *Plan Description.* Employees of Shelby County Unified School District are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

2. *Benefits Provided.* Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member’s highest five consecutive year average compensation and the member service credit. Reduced benefits for early retirement are available at age 55 if vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Employees covered by benefit terms. At the measurement date of June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	4,232
Inactive employees entitled to but not yet receiving benefits	6,506
Active employees	3,982
	14,720

3. *Contributions.* Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5 percent of salary (alternatively-employees are non-contributory). Shelby County Unified School District makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2020, the employer contributions for Shelby County Unified School District were \$9,133,472 based on a rate of 6.00 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Shelby County Unified School District’s state shared taxes if required employer contributions are not remitted. The employer’s ADC and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Net Pension Liability (Asset)

4. *Pension liabilities (assets).* Shelby County Unified School District net pension liability (asset) was measured as of June 30, 2019, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

5. *Actuarial Assumptions.* The total pension liability as of June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent
Investment rate of return	7.25 percent, net of pension plan investment expenses, including inflation
Cost-of-Living Adjustment	2.25 percent

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2019 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2012 through June 30, 2016. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2016 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Target Allocation
U.S. equity	5.69%	31%
Developed market international equity	5.29%	14%
Emerging market international equity	6.36%	4%
Private equity and strategic lending	5.79%	20%
U.S. fixed income	2.01%	20%
Real estate	4.32%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.25 percent based on a blending of the three factors described above.

6. *Discount Rate.* The Discount Rate used to measure the total pension liability was 7.25 percent which remains unchanged from prior year. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Shelby County Unified School District will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (Asset)

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Balance at 6/30/2018	\$ 659,984,445	\$ 706,594,469	\$ (46,610,024)
Changes for the year:			
Service cost	14,896,635	-	14,896,635
Interest	48,906,615	-	48,906,615
Differences between expected and actual experience	(22,726,698)	-	(22,726,698)
Contributions - employer	-	9,187,340	(9,187,340)
Contributions - employees	-	7,704,362	(7,704,362)
Net investment income	-	53,309,935	(53,309,935)
Benefit payments, including refunds of employee contributions	(39,761,305)	(39,761,305)	-
Administrative expense	-	(316,468)	316,468
Percentage change in allocation	19,573,568	20,955,911	(1,382,343)
Net changes	20,888,815	51,079,775	(30,190,960)
Balance at 6/30/2019	<u>\$ 680,873,260</u>	<u>\$ 757,674,244</u>	<u>\$ (76,800,984)</u>

7. *Sensitivity of the net pension liability (asset) to changes in the discount rate.* The following presents the net pension liability (asset) of the Shelby County Unified School District calculated using the discount rate of 7.25 percent (which remains unchanged from prior year), as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (6.25 percent) or one-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Shelby County Unified School District's net pension liability (asset)	\$ 3,420,018	\$ (76,800,984)	\$ (143,824,745)

Pension Expense (Negative Pension Expense) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

8. *Pension expense (negative pension expense):* For the year ended June 30, 2020, Shelby County Unified School District recognized pension expense (negative pension expense) of \$2,158,583.

9. *Deferred outflows of resources and deferred inflows of resources.* For the year ended June 30, 2020, Shelby County Unified School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 8,651,301	\$ 21,426,176
Change of assumptions	5,395,668	-
Net difference between projected and actual earnings on pension plan investments	-	8,958,464
Contributions subsequent to the measurement date of June 30, 2019	9,133,476	(not applicable)
Total	\$ 23,180,445	\$ 30,384,640

The amount shown above for "Contributions subsequent to the measurement date of June 30, 2019," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:		
2021	\$	(2,413,196)
2022		(5,287,964)
2023		(3,810,567)
2024		(4,825,944)
2025		-
Thereafter		-

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Payable to the Pension Plan

Shelby County Unified School District reported a payable of \$810,789 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2020.

C. Tennessee Consolidated Retirement System (TCRS)-Teachers

1. Plan Description.

Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of Shelby County Board of Education are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies>.

2. Benefits Provided

Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the members' years of service credit. A reduced early retirement benefit is available at age 55 if vested. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility

criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions

Teacher Legacy Pension Plan

Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Shelby County Board of Education for the year ended June 30, 2020 to the Teacher Legacy Pension Plan was \$34,542,975 which is 10.63 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Teacher Retirement Plan of TCRS

Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except in years when the maximum funded level, as established by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Shelby County Board of Education Teachers for the year ended June 30, 2020 to the Teacher Retirement Plan were \$2,857,597 which is 2.03 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Teacher Legacy Pension Plan

Pension Liabilities (assets): At June 30, 2020, the Shelby County Board of Education reported a liability (asset) of (\$107,280,454) for its proportionate share of net pension liability (asset). The net pension

liability (asset) was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial value as of that date. Shelby County Board of Education's proportion of the net pension liability was based on Shelby County Board of Education's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2019, Shelby County Board of Education Teachers' proportion was 10.43 percent. The proportion measured as of June 30, 2018 was 10.47 percent.

Pension Expense (negative pension expense): For the year ended June 30, 2020, Shelby County Board of Education Teachers recognized pension expense (negative pension expense) of (\$449,919).

Teacher Retirement Plan of TCRS

Pension Liabilities (Assets): At June 30, 2020, Shelby County Board of Education reported a liability (asset) of (\$6,883,987) for its proportionate share of net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial value as of that date. Shelby County Board of Education's proportion of the net pension liability was based on Shelby County Board of Education Teachers' share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2019, Shelby County Board of Education Teachers' proportion was 12.20 percent. The proportion measured as of June 30, 2018 was 11.80 percent.

Pension Expense (negative pension expense): For the year ended June 30, 2020, Shelby County Board of Education Teachers recognized pension expense (negative pension expense) of \$2,061,604.

5. *Deferred outflows of resources and deferred inflows of resources.* For the year ended June 30, 2019, Shelby County Board of Education reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources in the Teacher Legacy Pension Plan and Retirement Plan:

Teacher Legacy Pension Plan

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 5,223,212	\$ 65,529,031
Changes in assumptions	14,456,593	-
Net difference between projected and actual earnings on pension plan investments	-	30,652,091
Changes in proportion of Net Pension Liability (Asset)	22,799	16,041,539
Contributions subsequent to the measurement date of June 30, 2019	34,542,975	(not applicable)
Total	\$ 54,245,579	\$ 112,222,661

Teacher Retirement Pension Plan

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 285,435	\$ 1,201,749
Changes in assumptions	239,184	-
Net difference between projected and actual earnings on pension plan investments	-	291,044
Changes in proportion of Net Pension Liability (Asset)	17,033	381,731
Contributions subsequent to the measurement date of June 30, 2019	2,857,597	(not applicable)
Total	\$ 3,399,249	\$ 1,874,524

Shelby County Board of Education's employer contributions of \$37,400,572 reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as a reduction in net pension liability (asset) in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for the Teacher Legacy Pension Plan and Teacher Retirement Plan of TCRS:

Year Ended June 30:

	Teacher Legacy Plan	Teacher Retirement Plan
2021	\$ (35,032,175)	\$ (177,857)
2022	(33,289,350)	(222,387)
2023	(14,028,219)	(140,750)
2024	(10,170,312)	(99,128)
2025	-	(87,269)
Thereafter	-	(605,479)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

6. *Actuarial assumptions.* The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent
Investment rate of return	7.25 percent, net of pension plan investment expenses, including inflation
Cost-of Living Adjustment	2.25 percent

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2019 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2012 through June 30, 2016. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2016 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5 percent. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Target Allocation
U.S. equity	5.69%	31%
Developed market international equity	5.29%	14%
Emerging market international equity	6.36%	4%
Private equity and strategic lending	5.79%	20%
U.S. fixed income	2.01%	20%
Real estate	4.32%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.25 percent based on a blending of the three factors described above.

7. *Discount Rate.* The Discount Rate used to measure the total pension liability remained unchanged at 7.25 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the all LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

8. *Sensitivity of the proportionate share of net pension liability (asset) to changes in the discount rate.* The following presents Shelby County Board of Education Teachers' proportionate share of the net pension liability (asset) calculated using the discount rate of 7.25 percent, as well as what Shelby County Board of Education's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (6.25 percent) or one-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Shelby County Schools' proportionate share of the net pension liability (assets)			
Teacher Legacy Plan	\$ 219,357,534	\$ (107,280,454)	\$ (367,111,916)
Teacher Retirement Plan	2,181,114	(6,883,987)	(13,584,781)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2020, Shelby County Board of Education reported a payable of \$4,682,143 for the outstanding amount of contributions to the Teacher Retirement and the Teacher Legacy Pension Plan.

D. Hybrid Pension Plan (Defined Contribution Component)

1. *Plan Description*

Teachers and employees with membership in the TCRS after June 30, 2014 are provided with pensions through a hybrid plan which consists of a legally separate plan referred to as the Teacher Retirement Plan (the defined benefit component) and a 401(k) Defined Contribution Plan as a condition of employment. Teachers and employees are eligible to participate on an optional basis in the 401(k) Defined Contribution Plan. For information on the retirement plan, please visit the plan's website, which, as of July 1, 2014, is <http://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies> and see Note 7C.

2. *Contributions*

The Defined Contribution Plan is administered by Great-West Financial. The District is required to contribute five percent to an employee's account and the amount is not subject to any matching employee contributions. New employees are auto enrolled to contribute 2 percent of salary with the ability to opt out. The total amount contributed to the Defined Contribution Plan by the employee and employer is 100 percent vested immediately. Employer contribution for fiscal year 2020 was \$7,113,826.

3. *Payable to the Hybrid Pension Plan*

As of June 30, 2020, a payable of \$422,490 was reported for the Defined Contribution Pension Plan administered by Great-West Financial.

Net Pension Asset, Deferred Outflows of Resources, Net Pension Liability, Deferred Inflows of Resources, and Pension Expense Related to Pensions

The net pension assets, deferred outflows of resources, net pension liabilities, and deferred inflows of resources, and pension expense related to pensions reported on the statement of net position are summarized below.

	<u>Net Pension Asset</u>	<u>Deferred Outflows of Resources</u>	<u>Net Pension Liability</u>	<u>Deferred Inflows of Resources</u>	<u>Pension Expense</u>
Governmental Activities					
Local Pension Plan	\$ -	\$ 77,130	\$ 181,063	\$ -	\$ 12,747
TCRS Non-Teachers Plan	76,800,984	23,180,445	-	30,384,640	2,158,583
TCRS Legacy Teachers Plan	107,280,454	54,245,579	-	112,222,661	(449,919)
TCRS Retirement Teachers Plan	6,883,987	3,399,249	-	1,874,524	2,061,604
	<u>\$ 190,965,425</u>	<u>\$ 80,902,403</u>	<u>\$ 181,063</u>	<u>\$ 144,481,825</u>	<u>\$ 3,783,015</u>

NOTE 8 – CAPITAL ASSETS

A summary of changes in capital assets follows:

	Balance July 1, 2019	Reclassifications	Additions	Impairment	Disposals and Adjustments	Balance June 30, 2020
Capital assets not being depreciated:						
Land	\$ 44,707,445	\$ -	\$ -	\$ (312,521)	\$ -	\$ 44,394,924
Construction in progress	36,026,616	(59,863,050)	83,844,141	-	-	60,007,707
Total capital assets, not being depreciated	80,734,061	(59,863,050)	83,844,141	(312,521)	-	104,402,631
Capital assets being depreciated:						
Buildings and improvements	1,646,436,523	59,863,050	2,738,468	(3,641,191)	(29,612,431)	1,675,784,419
Machinery and equipment	170,474,831	-	3,496,261	-	(73,496,213)	100,474,879
Intangible assets	5,671,376	-	-	-	-	5,671,376
Total capital assets, being depreciated	1,822,582,730	59,863,050	6,234,729	(3,641,191)	(103,108,644)	1,781,930,674
Less accumulated depreciation:						
Buildings and improvements	(770,644,507)	-	(44,580,767)	2,225,353	20,997,949	(792,001,972)
Machinery and equipment	(149,461,859)	-	(3,613,223)	-	72,842,629	(80,232,453)
Intangible assets	(3,402,828)	-	(567,138)	-	-	(3,969,966)
Total accumulated depreciation	(923,509,194)	-	(48,761,128)	2,225,353	93,840,578	(876,204,391)
Capital assets being depreciated, net	899,073,536	59,863,050	(42,526,399)	(1,415,838)	(9,268,066)	905,726,283
Total capital assets, net	\$ 979,807,597	\$ -	\$ 41,317,742	\$ (1,728,359)	\$ (9,268,066)	\$ 1,010,128,914

Depreciation expense were charged to governmental functions as follow:

<u>Function</u>	<u>Depreciation Expense</u>
Instruction	\$ 41,936,639
Instructional support	33,796
Student support	141,919
Office of principal	639,075
General administration	1,446,839
Fiscal services	2,941
Other support services	63,765
Student transportation	121,815
Plant services	312,449
Community service	116,218
Food service	3,283,831
Education technology	661,841
Total depreciation and impairment expenses	<u>\$ 48,761,128</u>

The estimated cost to complete construction in progress at June 30, 2020 is \$14,582,631.

Asset Impairment

In accordance with GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, impaired capital assets that will no longer be used are reported at the lower of carrying value or fair value. The fair values of vacant buildings and unused land were based on estimates and appraisal, and the book values were adjusted if the fair values were lower than the net book values. Assets with a carrying value of approximately \$14.3 million are considered to be idle assets at year-end. One idle asset for vacant land with a carrying value of \$.5 million were

impaired during 2020 and written down to \$.2 million. Two vacant school buildings, Kansas CTC and Corning Elementary, were also impaired in 2020. Kansas CTC with a carrying value of \$.6 million was impaired and written down to \$.03 million. Corning Elementary with a carrying value of \$.9 million was impaired and written down to \$.06 million. These impairments were reported as impairment expense under special items in the statement of activities.

Assets Held for Sale

The Board, as of June 30, 2020, is negotiating the sale of eight properties.

Capital assets held for sale consist of the following:

Land	\$	337,929
Building		1,847,955
	\$	<u>2,185,884</u>

NOTE 9 – COMMITMENTS AND CONTINGENCIES

The Board is a defendant in various lawsuits, arising in the normal course of operations seeking awards for property damage, personal injury and certain personnel actions. In the past, the budget for judgements has been sufficient to cover awards; therefore, the Board has not assigned any funds in the General Fund for any future legal claims. Although the monetary exposure, if any, related to the above lawsuits is not presently determinable, it is the Board’s opinion, after discussion with legal counsel, that ultimate settlement of these matters will not exceed the budget for legal expenditures and, therefore, will not materially affect the financial condition of the Board.

The Board has been exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, and natural disasters for which the Board carries commercial insurance. Amounts received or receivable from grantor agencies are subject to regulatory requirements, audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts previously recognized by the Board as revenue, would constitute a liability of the applicable funds.

The Board entered into multi-year contracts for transportation, refuse, on-site clinic, telecommunication, software and technology services for end-users as detailed by year in the following schedule:

<u>Fiscal Year</u>	<u>Total</u> <u>Commitments</u>
2021	\$ 33,723,677
2022	3,264,461
2023	586,150
2024	-
2025	-
Total Commitments	<u>\$ 37,574,289</u>

Subsequent to June 30, 2020, the Board has entered into school building improvement contracts totaling approximately \$162,375.

Encumbrances – Information regarding encumbrances is available to assist in the management of commitments against appropriations. Encumbrance accounting is utilized for budgetary control purposes. Encumbrances, however, are not treated as expenditures in the basic financial statements. Outstanding encumbrances for the governmental funds at June 30, 2020 were as follows:

	Outstanding Encumbrances
General Fund	\$ 5,718,512
Categorically Aided Funds	7,149,610
Capital Projects Fund	14,582,632
Food Service Fund	6,215,653

NOTE 10 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

At June 30, 2020, amounts to be received or paid with current available resources are reported as receivable and payable to other funds. The composition of interfund balances as of June 30, 2020, is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Categorically Aided	\$ 20,728,478
	Capital Projects	4,016,683
	Internal Service	117,316
		<u>\$ 24,862,477</u>

Internal service fund interfund receivables and payables are not included in the government-wide statement of net position.

Interfund receivables and payables occur in the course of ordinary operations and reflect short-term transactions between funds; primarily transactions between the General Fund and the Categorically Aided Funds. The Categorically Aided Fund has grants that are funded on a reimbursable basis; therefore, expenditures are covered in the interim by the General Fund. The District receives capital funding from Shelby County Government on a reimbursable basis. The expenditures are covered by the General Fund pending receipt of the reimbursements. The payable from the Internal Service fund is due to the General Fund covering expenditures until payments are received from the Achievement School District (ASD).

Transfers are indicative of funding for federal programs, special education services for the ASD, capital projects, and OPEB. The following schedule briefly summarizes the District's reciprocal interfund transfer activity during the year:

<u>Transfers Out</u>	<u>Transfers In</u>	<u>Amount</u>
General Fund	Categorically Aided	\$ 97,015,066
	Internal Service	2,829,853
	Capital Projects	29,026,630
		<u>\$ 128,871,549</u>
Categorically Aided	General Fund	\$ 98,231,072
Internal Service		2,814,996
Capital Projects		32,084,753
		<u>\$ 133,130,821</u>

In the year ended June 30, 2020, the Board made the following non-reciprocal transfers:

<u>Transfers Out</u>	<u>Transfers In</u>	<u>Amount</u>
General Fund	OPEB Fund	\$ 3,000,000
	Pension Fund	57,994
Insurance	OPEB Fund	\$ 5,012,010

Transfers of \$3,000,000 and \$57,994 from the general fund were made to the OPEB and Pension fiduciary funds for other post-employment benefits and pensions, respectively. Transfer of \$5,012,010 from the Insurance fund was made to the other post-employment benefits to partially funded annual expenditures.

NOTE 11 – RISK MANAGEMENT

The government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. General liability and auto liability losses are self-funded by the general fund. The government carries commercial insurance for catastrophic losses. There was no change in insurance coverage from coverage in prior year by major category of risk. There were no settlements in excess of the self-funded insurance coverage in any of the prior fiscal years.

The government established a limited risk management program for group health insurance and workers' compensation injury claims. Effective January 2018, the district purchased a policy to mitigate risks associated with individual health insurance claims. Premiums are paid into the health insurance fund by all other funds and are available to pay claims, claim reserves and administrative costs of the program.

Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported

(IBNRs). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency, number of payouts and other economic and social factors.

Changes in the balances of claims liabilities during the past two years ended June 30 are as follows:

	<u>2020</u>	<u>2019</u>
Unpaid claims, beginning of fiscal year	\$ 10,355,896	\$ 9,444,403
Incurred claims (including IBNRs)	133,805,671	142,586,404
Claim payments	<u>(136,187,540)</u>	<u>(141,674,911)</u>
	<u>\$ 7,974,027</u>	<u>\$ 10,355,896</u>

Includes claims incurred but not reported (IBNR)

The District holds a Medicare supplement insurance contract for claims liabilities for retirees that are Medicare eligible and enrolled in Medicare Parts A and B. This supplement also covers drug claims for these retirees. No annuity contracts have been purchased for claims liability.

NOTE 12 – CHARTER SCHOOLS

In 2002, the State of Tennessee passed the Tennessee Public Charter Schools Act. The Act permits the Board to authorize public charter schools with the primary purpose to improve learning for all students and close the achievement gap between high and low performing students. An agreement is entered between the sponsor of the charter school and the Board. The charter is approved for an initial period of ten years but can be revoked by the Board or the State if the school violates certain requirements of the Act. Each school must be operated by a not-for-profit organization with exemption from federal taxation under 501(c)(3) of the Internal Revenue Code and is responsible for establishing their own governing body separate from that of the Board. The charter schools are supported by the Board as a pass-through from various funding sources. In 2010, the State of Tennessee amended the Charter Schools Act requiring the State to distribute the BEP for capital outlay directly to the charter schools. For the year ended June 30, 2020, total funds remitted to the charter schools totaled \$158,835,991.

Upon dissolution, any unencumbered public funds, property and improvements, furnishings, and equipment purchased with public funds shall revert to full ownership of the Board. All debts are the responsibility of the charter school.

NOTE 13 – FUND BALANCES BY PURPOSE

Following is more detailed information on the governmental fund balances:

	General Fund	Categorically Aided Fund	Capital Projects Fund	Food Service Fund	Total Governmental Funds
Fund Balances:					
Nonspendable:					
Inventories	\$ 5,447,435	\$ -	\$ -	\$ 4,545,689	\$ 9,993,124
School cafeteria inventory	-	-	-	1,051,610	1,051,610
Restricted for:					
Capital projects	-	-	336,240	-	336,240
Education	-	205,267	-	-	205,267
Education - MOE	26,055,086	-	-	-	26,055,086
Instruction - career ladder	33,149	-	-	-	33,149
Operation of non-instructional services	-	5,504,625	-	34,914,590	40,419,215
Stabilization reserve trust	5,662,090	-	-	-	5,662,090
Support services	-	27,770	-	-	27,770
Committed For:					
Operation of non-instructional services	-	769,670	-	-	769,670
Assigned to:					
Encumbrances from prior year	7,689,491	-	-	-	7,689,491
Inventory encumbrances	2,800,340	-	-	-	2,800,340
Other purposes - planned use (1)	25,145,354	-	-	-	25,145,354
Unassigned:					
General purpose	83,299,275	-	-	-	83,299,275
Total fund balances	<u>\$ 156,132,220</u>	<u>\$ 6,507,332</u>	<u>\$ 336,240</u>	<u>\$ 40,511,889</u>	<u>\$ 203,487,681</u>

(1) Assigned to "Other purposes – planned use" indicates the District plans to utilize the specified amount of fund balance for the next fiscal year's budget.

NOTE 14 – OTHER POST EMPLOYMENT BENEFITS

Plan Description

Plan administration. The Shelby County Schools (the Board) administers the Shelby County Schools Retiree Benefits Plan (SCSRBP) - a single-employer defined benefit plan that is used to provide post-employment benefits other than pensions (OPEB) for all permanent full-time employees of Shelby County Schools. The Plan provides for continuation of medical and life insurance benefits for certain retirees and their spouses.

Management of the SCSRBP is vested in the Board, which consists of nine members – elected by the citizens who reside in the geographical districts served by SCS.

The OPEB plan does not issue a stand-alone financial report.

Plan membership. At June 30, 2020, SCS RBP membership consisted of the following:

Inactive members or beneficiaries currently receiving benefits	9,344
Inactive members entitled to but not yet receiving benefits	-
Active members	<u>10,941</u>
Total membership	20,285

Plan membership. At June 30, 2019 (the measurement date), SCS RBP membership consisted of the following:

Inactive members or beneficiaries currently receiving benefits	9,443
Inactive members entitled to but not yet receiving benefits	-
Active members	<u>10,983</u>
Total membership	20,426

At the time of retirement, participating employees of Shelby County Schools qualify for retiree health care benefits (including their spouses and current dependents) and life insurance coverage under the Plan if they have at least 15 years of service (5 years for Memphis City Schools Legacy employees hired prior to January 1, 2007 and 10 years if hired on or after January 1, 2007). Eligible participants are required to be receiving a benefit from the Tennessee Consolidated Retirement System. The OPEB plan is not closed to new entrants.

Benefits provided and Funding Policy.

Funding Policy. The obligations of the plan members, employers and other entities are established by action of the School Board pursuant to employment agreements. The required contribution rates of the employer and the members vary depending on the retiree’s length of service and whether single or family coverage is elected. The School Board currently contributes enough money to the plan to satisfy current obligations on a cash basis as benefits are paid as well as contribute to an OPEB trust. The costs of administering the plan are paid by the School Board. Current assets of \$80.6 million have been segregated and are restricted to provide postretirement benefits.

Eligibility and Benefits Provided. SCSRBP provides healthcare and life insurance benefits for retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the plan. Section 49-2-209 of the Tennessee code annotated grants authority to establish and amend the benefit terms to the Board. There are no automatic post-employment benefit changes, including automatic cost-of-living adjustments (automatic COLAs); including ad hoc cost-of-living adjustments; ad hoc post-employment benefit changes; and the sharing of benefit related costs with inactive plan members. Ad hoc benefit changes are made at the discretion of the Board.

Pension plan specific eligibility and benefits are as follows:

Tennessee Consolidated Retirement System

Retirement. Legacy Plan employees (hired prior to July 1, 2014) who retire at age 55 with 5 years of credited service or at any age with 25 years of service will receive health care and life insurance benefits for life. Hybrid Plan employees (hired on or after July 1, 2014) who retire at age 60 with 5 years of credited service or meet the Rule of 80 (where age plus years of service total 80) will receive health care and life insurance benefits for life. Spouses of retirees may be covered at the retirees' option, provided the election is made on the date the employee leaves active service.

Termination. Current employees who terminate employment and are not eligible for a retirement or disability benefit are not eligible for health care or life insurance benefits at retirement. Some current deferred vested retirees were grandfathered and are receiving health care and life insurance benefits.

Disability. Employees who become disabled at any age with at least 5 years of service receive health care and life insurance benefits for life. Spouses of retirees may be covered at the retirees' option, provided the election is made on the date the employee leaves active service.

Death. Spouses of employees who die during active service and are not eligible for a retirement or disability benefit are not eligible for health care or life insurance benefits at retirement.

Contributions. Section 49-2-209 of the Tennessee code annotated grants the authority to establish and amend the contribution requirements of the Board and plan members to the SCS Board. The Board establishes rates based on an actuarially determined rate. The Board made \$35,571,571 in contributions to the OPEB Trust during fiscal year 2020, which was 6.04 percent of covered-employee payroll. Plan members are required to contribute to the plan. The required contribution rates of the employer and the members vary depending on the retiree's length of service and whether single or family coverage is elected.

Covered spouses and dependents qualify for health care benefits at the same contribution level as the member. Survivors qualify for health care benefits but must pay 100 percent of the premium.

Effective January 1, 2017, retiree contributions towards health care were increased to 50 percent of the full cost for all Pre-Medicare coverage options and the Medicare Surround coverage option.

Eligible retirees may continue life insurance coverage provided the retiree elected life insurance coverage as an active employee prior to retirement. Coverage amount is the lesser of 50 percent of the active coverage amount or \$50,000. Prior to September 1, 2013, the \$50,000 cap did not apply. Effective January 1, 2017, retirees are responsible for 25 percent of the costs if the coverage amount is greater than \$10,000, an increase from 0 percent; there is no cost to retirees if the coverage amount is \$10,000 or less. Retirees may voluntarily reduce their life insurance coverage to \$10,000.

For the year ended June 30, 2020, general fund costs were \$28,084,559 of \$35,571,571 Board contributions for retirees and dependents.

Investments

Accounting Policy. The accrual basis of accounting is used. The fair market value of assets, if any, is determined by the market value of assets, if any, paid by a willing buyer to a willing seller.

Investment policy. SCSRBP assets are pooled assets with the assets of other school districts through the Tennessee School Boards Association (TSBA) Trust. The Shelby County School Board retains the authority to contribute and withdraw funds from the Trust at its discretion. The board of the TSBA sets the investment policy. The Trust's investment philosophy is that assets should be allocated with the goal of producing the highest total return consistent with prudent financial management unless otherwise specified by individual fund objectives, this philosophy should be adhered to within the constraints of the specified asset allocation ranges. There were no significant investment policy changes during the fiscal year. As shown on the following page, the TSBA's adopted asset allocation policy as of June 30, 2020:

<u>Asset Class</u>	<u>Maximum Allocation</u>	<u>Minimum Allocation</u>
Equity investments	65%	35%
Fixed income investments	65%	20%
Cash & equivalents	35%	0%
Structured investments	15%	0%

Exception for individual funds. In cases where individual fund objectives require an exception to the above asset allocation ranges, written statements detailing the policy for each specific fund will be provided as supplements to this investment policy.

Asset Allocation targets. From time to time the Finance Committee will determine specific asset allocation targets that it feels are best suited for accomplishing the above total return objective. These specific asset allocation targets will be communicated to individual investment managers in writing, and within a reasonable time frame, managers are expected to reallocate assets in order to comply with the target ranges established by the Committee. In the absence of specific asset allocation targets from the Trust, individual managers will have direct responsibility for settling and maintaining an asset mix that they feel will best accomplish the Trust's total return objective.

At all times, and in all cases, however, the above maximum and minimum limits, are to be adhered to.

Concentrations. The OPEB plan held investments, including alternative investments* (other than those issued or explicitly guaranteed by the U.S. government) in any one organization that represent five percent or more of the OPEB plan's fiduciary net position (FNP) in the following:

<u>Investment</u>	<u>Concentration</u>
American Europacific GRW F2	7.40%
Ishares Core S&P U.S. Value	6.02%
Ishares MSCI EAFE ETF	6.10%

BCS Partial Principal at Risk Securities SPX (SQCLS)	14.85%
MS Buffered Plus SPX (SQCEG)	59.57%

*OPEB Alternative Investment Account Asset Class

Rate of return. For the year ended June 30, 2020, the annual money-weighted rate of return on investments, net of investment expense, was negative 3.40 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The OPEB plan reported no receivables from long-term contracts with the Board for contributions. The OPEB plan had no allocated insurance contracts that are excluded from the OPEB plan assets. The OPEB plan had no reserves and no deferred retirement option program.

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of June 30, 2019, using the following key actuarial assumptions and other inputs:

Inflation	2.50 percent
Real wage growth	1.00 percent
Wage inflation	3.50 percent
Salary increases, including wage inflation	3.71 percent - 8.97 percent
Long-term Investment Rate of Return, net of OPEB plan investment expense, including inflation	5.83 percent
Municipal Bond Index Rate at Prior Measurement Date	3.89 percent
Municipal Bond Index Rate at Measurement Date	3.50 percent
Year FNP is projected to be depleted	2040
Single Equivalent Interest Rate at Prior Measurement Date	4.32 percent
Single Equivalent Interest Rate at Measurement Date	4.07 percent
Health Care Cost Trends	
Pre-Medicare	7.50 percent for 2019 decreasing to an ultimate rate of 4.50 percent by 2026
Medicare	5.50 percent for 2019 decreasing to an ultimate rate of 4.50 percent by 2023

The district participates in the Tennessee Consolidated Retirement System (TCRS) pension plan which is composed of a legacy plan and a hybrid plan. For members of the Tennessee Consolidated Retirement System (TCRS) Legacy Plan (date of hire prior to July 1, 2014), the mortality rates for non-disabled beneficiaries are the same as those used by TCRS Legacy Plan, but with an additional 6 years of mortality improvements using the Society of Actuaries' Scale AA. The mortality rates for disabled beneficiaries are the same as those used by TCRS and reflect the sex distinct table in IRS Revenue Ruling 96-7 for disabled lives, increased by 10 percent.

For members of the TCRS Hybrid Plan (date of hire on or after July 1, 2014), the mortality rates for non-disabled beneficiaries are the same as those used by TCRS Hybrid Plan with generational mortality improvements using the Society of Actuaries' Scale AA. The mortality rates for disabled beneficiaries are the same as those used by TCRS and reflect the set distinct table in IRS Revenue Ruling 96-7 for disabled lives, increased by 10 percent.

The rates of retirement, termination, and disability reflect an experience study conducted by the Tennessee Consolidated Retirement System (TCRS) for the period July 1, 2008 through June 30, 2012 for Legacy Plan members. For Hybrid Plan members, taken from the Tennessee Consolidated Retirement System's Hybrid Plan actuarial valuation report as of June 30, 2015. The rates of mortality reflect an experience study conducted by the TCRS for the period July 1, 2012 through June 30, 2016.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2019 valuation were based on a review of recent plan experience done concurrently with the June 30, 2019 valuation.

Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) are developed by the investment consultant for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant may cover a shorter investment horizon and may not be useful in setting the long-term rate of return for funding OPEB plans, which are likely to cover a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	7-Year Strategic Return Estimate	7 to 20-Year Secular Return Estimate
US Large Growth	18.0%	3.2%	9.2%
US Large Value	16.0%	5.0%	9.2%
US Mid Growth	2.0%	3.0%	9.8%
US Mid Value	2.0%	5.2%	9.8%
US Small Growth	2.0%	4.3%	10.3%
US Small Value	2.0%	5.3%	10.3%
Europe	13.0%	5.7%	7.4%
Japan	2.0%	5.2%	7.4%
Asia Ex-Japan	3.0%	5.9%	9.7%
Emerging Markets	5.0%	6.4%	11.4%
Short term Fixed Income	7.0%	2.6%	3.6%
US Fixed Income	23.0%	3.3%	4.8%
International Fixed Income	1.0%	1.1%	4.5%
Inflation Protected Notes	3.0%	1.5%	5.7%
High Yield Fixed Income	0.0%	3.5%	6.9%
Emerging Market Fixed Income	1.0%	5.1%	7.1%
Total	100.0%	4.1%	7.5%

Expected Rate of Return $50\% \times 4.1\% + 50\% \times 7.5\% = 5.83\%$

Note: In accepting the long-term expected rate for the Plan, the actuary performed a high-level review of the information provided by the Plan. Our review indicates the long-term expected rate of return assumptions of 5.83% is reasonable.

Discount rate (SEIR). The discount rate used to measure the TOL as of the Measurement Date was 4.07 percent. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection's basis was an actuarial valuation performed as of June 30, 2019. In

In addition to the actuarial methods and assumptions of the June 30, 2019 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the Valuation Date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.50 percent.
- In all years, it is assumed benefits are paid directly to plan members as the benefits come due. The employer is assumed to have the ability and willingness to make benefit payments from its own resources for all periods after the trust is depleted.
- In addition, future annual contributions of \$5,100,000 through the fiscal year ending June 30, 2031 were assumed.
- For future plan members, contribution inflows were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Cash flows occur mid-year.

Based on these assumptions, the Plan’s FNP was projected to be depleted in 2040 and, as a result, the Municipal Bond Index Rate was used in the determination of the SEIR. Here, the long-term expected rate of return of 5.83 percent on Plan investments was applied to periods through 2040 and the Municipal Bond Index Rate at the Measurement Date (3.50 percent) was applied to periods on and after 2040, resulting in an SEIR at the Measurement Date (4.07 percent).

The FNP projections are based upon the Plan’s financial status on the Valuation Date, the indicated set of methods and assumptions, and the requirements of GASB 75. As such, the FNP projections are not reflective of the cash flows and asset accumulations that would occur on an ongoing plan basis, reflecting the impact of future members. Therefore, the results of this test do not necessarily indicate whether or not the fund will actually run out of money, the financial condition of the Plan, or the Plan’s ability to make benefit payments in future years.

Sensitivity of the net OPEB liability to changes in the Healthcare Cost Trend Rates. The following exhibit presents the net OPEB liability of the Plan, calculated using current health care cost trend rates, as well as the Plan’s NOL would be if it were calculated using health care trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate. (\$ in thousands):

Health Care Cost Trend Rates			
	1% Decrease	Current	1% Increase
Net OPEB Liability	\$ 770,650	\$ 879,360	\$ 1,016,745

Sensitivity of the net OPEB liability to changes in the discount rate. The following exhibit presents the net OPEB liability of the Plan, calculated using the discount rate of 4.32 percent, as well as the Plan's NOL would be if it were calculated using a Discount Rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate (\$ in thousands):

Interest Rates			
	1% Decrease (3.07%)	Current Discount Rate (4.07%)	1% Increase (5.07%)
Net OPEB Liability	\$ 1,033,252	\$ 879,360	\$ 755,312

The TOL is based upon an actuarial valuation performed as of the Valuation Date, June 30, 2019. Actuarial gains and losses arising from the difference between estimates and actual experience (excluding amounts related to benefit changes and changes in assumptions or other inputs) are reconciled to the TOL as of the Measurement Date. Last, the changes of assumptions or other inputs include the change in the SEIR from 4.32 percent on the Prior Measurement Date to 4.07 percent on the Measurement Date. The procedure used to determine the TOL, as of June 30, 2019, is shown in the following table (\$ in thousands):

Changes in the Net OPEB Liability

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balance as of June 30, 2018	\$ 1,013,644	\$ 72,557	\$ 941,087
Changes for the year:			
Service cost at the end of the year*	27,792	-	27,792
Interest on TOL and cash flows	43,054	-	43,054
Change in benefit terms	-	-	-
Differences between expected and actual experience	(76,627)	-	(76,627)
Changes of assumptions or other inputs	(13,404)	-	(13,404)
Contributions - employer	-	39,874	(39,874)
Contributions - non-employer	-	-	-
Net investment income	-	3,030	(3,030)
Benefit payments	(34,420)	(34,420)	-
Plan administrative expenses	-	(362)	362
Other changes	-	-	-
Net changes	(53,605)	8,122	(61,727)
Balance as of June 30, 2019	\$ 960,039	\$ 80,679	\$ 879,360

*The service cost includes interest for the year.

The SEIR was decreased from 4.32 percent to 4.07 percent to reflect the changes to the Municipal Bond Index Rate from 3.89 percent on the Prior Measure Date to 3.50 percent on the Measurement Date. Changes were made to the assumed initial per capita health care costs, rates of health care inflation used to project the per capita costs, and health care plan election rates based upon recent experience and current expectations.

Since certain expense items are recognized over closed periods each year, the deferred portions of these items must be tracked annually. If the amounts will increase OPEB Expense they are labeled Deferred Outflows of Resources. If they serve to reduce OPEB Expense they are labeled Deferred Inflows of Resources. The recognition of these amounts is accomplished on a level dollar basis, with no interest included in the deferred amounts. Experience gains/losses and the impact of changes in actuarial assumptions or other inputs, if any, are recognized over the average expected remaining service life of the active and inactive plan members at the beginning of the measurement period. Investment gains and losses are recognized over a fixed five-year period.

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB. Deferred outflows of resources related to OPEB resulting from District contributions of \$35,572,571, subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period rather than in the current fiscal year. At June 30, 2019 the Board reported deferred outflows and deferred inflows of resources related to OPEB from the following sources (\$ in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 8,061	\$ 105,812
Changes in assumptions or other inputs	-	63,745
Net difference between projected and actual earnings on pension plan investments	-	1,367
Contributions subsequent to the measurement date of June 30, 2019	35,572	(not applicable)
Total	\$ 43,633	\$ 170,924

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expenses as shown below (\$ in thousands):

Measurement Period Ended June 30:	
2020	\$ (42,891)
2021	(42,889)
2022	(36,659)
2023	(25,395)
2024	(14,980)
Thereafter	(151)

OPEB expense: For the year ending June 30, 2019, the Board recognized OPEB expense of \$23,837,000.

Additional disclosures on changes in the Board’s net OPEB liability, related ratios, and employer contributions can be found in the required supplementary information following the notes to the financial statements.

On-Behalf Payments. As required by GASB Statement No. 24, Accounting, and Financial Reporting for Certain Grants and Other Financial Assistance, the following on-behalf payments have been recorded.

Medicare Supplement Plan. The State of Tennessee made contributions (on-behalf payments) for eligible retired teachers who participated in the Board’s health insurance plan. For fiscal year 2020, on-behalf payments made by the State of Tennessee totaled \$2,337,325 and have been recorded as revenue and expenditure in the OPEB Trust fund.

NOTE 15 – DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

The former Memphis City Schools obtained a judgment in the amount of \$57.4 million from the City of Memphis in 2009. The judgment was affirmed by the Court of Appeals, but the Trial Court withheld enforcement of the judgment pending resolution of a claim that the former Memphis City Schools owed the City approximately \$160 million. The settlement agreement also included capital funding in an amount not to exceed \$3.8 million for qualifying capital expenditures in public educational facilities owned by the City or situated on property owned by the City. The Board has deferred inflows of resources remaining at the fund level of \$27,427,913, of which \$12,206,745 is the remaining balance on the settlement agreement with the City of Memphis and \$15,221,168 is the remaining funds available for the capital improvement program.

The Board also has deferred inflows and outflows related to local pension, non-teacher and teacher pensions & OPEB as detailed in Note 7 - Retirement Plans and Note 14, Other Post-Employment Benefits, respectively.

NOTE 16 – SUBSEQUENT EVENTS

Subsequent to June 30, 2020, the Shelby County Board of Education approved the purchase of digital devices for increased at home use of our e-learning platforms, particularly those proven to close achievement gaps – i-Ready Clever, etc., long-term planning for device refresh, internet capacity in schools and community access to broadband as a matter of practice.

Shelby County Board of Education approved the contract to Microsoft in the amount of \$32.20 million and HP, Inc. in the amount of \$12.80 million for a total amount of \$45.00 million for a four (4) year lease agreement of computer devices for SCS students in grades Pre-K - 12. The Microsoft annual lease cost for 28,300 tablets for grades Pre-K - 2 is \$3.00 million for a total four year cost of \$12.00 million, and the annual lease cost for 42,000 laptops for grades 3 - 8 is \$5.05 million for a total four year cost of \$20.20 million. The HP, Inc. annual lease cost for 24,700 laptops for grades 9 – 12 is \$3.20 million for a total four year cost of \$12.80 million. A contingency of fifteen percent (15%) will be allowed for the lease agreement projects.

The devices were distributed prior to school commencement date of August 31, 2020.

June 30, 2020

SHELBY COUNTY
BOARD OF EDUCATION

	<u>2020</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>
Annual money-weighted rate of return, net of investment expense	(3.40%)	5.77%	6.47%	13.19%

*GASB 68 requires a 10-year schedule for this data to be presented starting with the implementation of GASB 68. The information in this schedule is not required to be presented retroactively prior to the implementation date. However, until a full 10-year trend is compiled, the District is presenting information for the years available.

I. Local Pension Plan

Change of assumptions: None

Change of benefit terms: None

Methods and assumptions used to determine contribution rates. The pension liability was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry Age Normal
Inflation	2.50 percent
Salary increases	N/A
Investment rate of Return	5.00 percent, net of pension plan investment expense, including inflation
Municipal Bond Index Rate	2.21 percent
Single Equivalent Interest Rate	5.00 percent

II. Tennessee Consolidated Retirement System (TCRS)

Valuation date: Actuarially determined contribution rates for fiscal year 2020 were calculated based on the June 30, 2018 actuarial valuation.

Changes of assumptions. In 2017, the following assumptions were changed: decreased inflation rate from 3.00 percent to 2.50 percent; decreased the investment rate of return from 7.50 percent to 7.25 percent; decreased the cost-of-living adjustment from 2.50 percent to 2.25 percent; decreased salary growth graded ranges from an average of 4.25 percent to an average of 4.00 percent; and modified mortality assumptions.

Change of benefit terms: None

Methods and assumptions used to determine contribution rates. The total pension liability as of the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry Age Normal
Amortization method	Level dollar, closed (not to exceed 20 years)
Remaining amortization period	Varies by year
Asset valuation method	10-year smoothed within a 20 percent corridor to market value
Inflation	2.50 percent
Salary increases	Graded salary ranges from 8.72 to 3.44 percent based on age, including inflation, averaging 4.00 percent
Investment rate of Return	7.25 percent, net of investment expense, including inflation
Retirement age	Pattern of retirement determined by experience study
Mortality	Customized table based on actual experience including an adjustment for some anticipated improvement
Cost of living adjustments	2.25 percent

III. OPEB Trust Fund

Change of assumptions:

- The SEIR was decreased from 4.07 percent to 2.85 percent to reflect the changes to the Municipal Bond Index Rate from 3.50 percent on the prior measurement date to 2.21 percent on the measurement date.
- Changes were made to the assumed initial per capita health care costs, rates of health care inflation used to project the per capita costs, and health care plan election rates based upon recent experience and current expectations.

Change of benefit terms: None

Methods and assumptions used in calculations of Actuarially Determined Contributions. The Actuarially Determined Contribution rates, as a percentage of payroll, used to determine the Actuarially Determined Contribution amounts in the Schedule of Employer Contributions (see page 128) are calculated as of the prior valuation date. The following actuarial methods and assumptions (from the June 30, 2019 actuarial valuation) were used to determine contribution rates reported in that schedule for the year ending June 30, 2020:

Actuarial cost method	Entry Age Normal
Amortization method	Level percentage of payroll
Amortization period	22 years, closed
Asset valuation method	Market value of assets
Price inflation	2.50 percent
Real wage growth	1.00 percent
Wage inflation	3.50 percent
Salary increases	3.71 percent to 8.97 percent
Initial health care cost trend rates	
CIGNA plans	7.00 percent
Medicare supplement plans	5.50 percent
Ultimate health care cost trend rates	
CIGNA plans	4.50 percent
Medicare supplement plans	4.50 percent
Year of ultimate trend rates	
CIGNA plans	2026
Medicare supplement plans	2023
Long-term investment rate of return, net of OPEB plan investment expense, including price inflation	4.00 percent

Statistical Section (unaudited)

This part of the Shelby County Schools Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the School District's overall financial health.

The merger with Memphis City Schools was effective at the beginning of the 2013-2014 school year. Thus, the assets and obligations of the former Memphis City Schools were transferred to Shelby County Board of Education and are included in the amounts reported for 2014. The amounts reported for 2013 and prior years are only those of Shelby County Board of Education.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the School District's financial performance has changed over time. Due to the merger in 2014, there is a disparity in year over year comparisons.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the School District's ability to generate revenues through property taxes levied by other governmental agencies.

Debt Capacity

These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the School District's ability to issue additional debt in the future.

The School District does not have taxing authority and does not have a legal debt margin. Accordingly, schedules regarding legal debt margin and overlapping debt are not applicable. In addition, the School District does not have any pledged revenue.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the School District's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

These schedules contain information about the School District's operations and resources to help the reader understand how the School District's financial information relates to the services the School District provides and the activities it performs.

Sources

Unless otherwise noted, the information in these schedules is derived from the annual financial reports for the relevant year.

(a) Public Utilities information is based on information received from the State of Tennessee Comptroller of the Treasury assessments.

(b) Assessed value is the most current tax value prepared by the County Assessor of Property as of each year-end.

(c) The State of Tennessee tax statutes classify property as follows for computing assessed valuations:

Real Estate-Residential and Farms	25% of actual value
Real Estate-Commercial and Industrial	40% of actual value
Personal Property-Commercial and Industrial	30% of actual value
Public Utilities	55% of actual value

(d) The effect of property reappraisals are reflected in FY 2010, 2014.

2019	134,753	77.09%	40,037	22.91%
2020	136,256	77.17%	40,306	22.83%

Notes:

- (a) In 2013, Memphis City Schools (a special school district) and Shelby County Schools merged and Memphis City Schools ceased. There were no municipal schools in 2014. In 2015, there were 6 municipal school districts created by cities that were formerly a part of Shelby County Schools.
- (b) Local funding is based on Weighted Full-time Equivalent Average Daily Attendance.

Statutory Reporting Section

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Chairperson and Members of the
Shelby County Board of Education
Memphis, Tennessee

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information and the budgetary comparisons of the general fund, capital projects fund, food service fund, and special revenue – categorically aided fund of the Shelby County Board of Education (the Board) (a component unit of Shelby County, Tennessee) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated December 22, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Board's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. The State of Tennessee Department of Audit, *Audit Manual* requires the filing of a schedule of cash shortages and thefts. The schedule includes all cash shortages and thefts which have occurred in the current and previous years, and any investigative audits being perform. The schedule contained no instances which occurred during the year ended June 30, 2020.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Chairperson and Members of the
Shelby County Board of Education
Memphis, Tennessee

Report on Compliance for Each Major Federal Program

We have audited the Shelby County Board of Education's (the Board) (a component unit of Shelby County, Tennessee) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Board's major federal programs for the year ended June 30, 2020. The Board's major federal programs are identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Board's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Board's compliance.

Opinion on Each Major Federal Program

In our opinion, the Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the Board is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Board's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

* Uniform Guidance applicable to the Federal awards

This page left intentionally blank

NOTE 1 – BASIS OF PRESENTATION

The Schedule of Expenditures of Federal and State Awards is based on the modified accrual basis of accounting, consistent with accounting for governmental type funds. It includes the transactions related to the receipt of federal and state funds by the Shelby County Board of Education (the "District") under programs of the federal and state government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

Individual awards within each category of federal awards are identified by CFDA number and program name. The awards are also presented in total by funding agency.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in either Cost Principles for State, Local and Indian Tribal Governments, or the Uniform Guidance, as applicable, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The District has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance. Federally negotiated indirect cost rates are used.

There were no federal awards passed through to subrecipients.

FOOD DONATION

Non-monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. At June 30, 2020, the Shelby County Board of Education had food commodities totaling \$568,907 in inventory.

NOTE 3 – RECONCILIATION OF THE SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS TO THE FINANCIAL STATEMENTS

The following is a reconciliation of expenditures per the schedule of expenditures of federal and state awards to the expenditure balances in the Categorically Aided Fund, per the District's financial statements.

Totals per schedule of expenditures	\$ 190,490,261
Add: Expenditures not shown on the schedule	14,429,305
Subtract: Food service expenditures not reported in categorially aided fund	(57,064,452)
Other expenditures not reported in categorially aided fund	(4,103,680)
Total categorically aided fund expenditures	<u>\$ 143,751,434</u>

During the year ended June 30, 2020, the District received approximately \$10 million of funding from federal sources under the School and Libraries Program, commonly known as the E-Rate program. Of that amount, approximately \$7 million represented a settlement of funds initiated by Memphis City Schools prior to transferring its charter to Shelby County Schools. The E-Rate program is specifically excluded from coverage under Uniform Guidance; therefore, amounts expended in connection with this program are not included on the Schedule of Expenditures of Federal Awards.
