# Gifted & Talented Summer Camp

# AHEAD

**Grades: 1-8 (rising)**

**Dates: June 6-10, 2022**

**Registration: April 6-29, 2022 (1,500 spaces available) on [www.clue901.com](http://www.clue901.com)**

**Eligibility: Open to MSCS and non-MSCS gifted and talented students.  
Visit [www.scsk12.org/fullsteam](http://www.scsk12.org/fullsteam) for criteria.**

**Location: W. H. Brewster Elementary School (grades 1-4, rising) and Middle College High School (grades 5-8, rising)**

The MSCS Full STEAM Ahead Gifted & Talented Summer Camp is designed to provide enrichment and academic acceleration to students who are already working above grade level.

Through focused hands-on learning grounded in science, technology, engineering, arts, and mathematics (STEAM), students will explore different facets of their world and/or history and build new skills to enhance the foundational learning that takes place during the regular school year.

In addition to experiential learning on site, students will be transported to the Discovery Park of America in Union City for a full day of programming that aligns with the camp's thematic study.
