

**Dear Shelby County Commissioner,**

As an advocate for the Frayser community, I urge you to approve funding for the construction of a new Frayser high school. This new school has the support of Memphis-Shelby County Schools and county Mayor Lee Harris.

Frayser residents have long waited for their turn in the spotlight. After many years of patience, Frayser is now experiencing a revival with the reopening of Ed Rice Community Center, the expansion of Rodney Baber Park, and the construction of the new 20,000-square-foot Frayser Library. By supporting funding for a new high school, you will be continuing this progress.

Strong communities have strong schools, and a new Frayser high school would be the crown jewel in community revitalization efforts. Further, families in North Memphis deserve state-of-the-art facilities that can accommodate new academic and athletic programming.

Use your vote to ensure that a long-promised new high school becomes a reality for the next generation of Frayser voters and leaders.

**Sincerely,**
