

Shelby County Schools
Extended Learning Packet

Grade 1

Name _____

Look at the Example. Then solve.**Example** You can break shapes into equal parts.

- 1 Draw another way to show 2 equal parts.

- 2 Draw another way to show 4 equal parts.

- 3 Is the square folded into equal parts?
Circle Yes or No.

Yes

No

4 Draw 2 equal parts.

6 Draw 4 equal parts.

8 Draw 4 equal parts.

5 Draw 4 equal parts.

7 Draw 2 equal parts.

9 Draw 2 equal parts.

Name _____

Look at the Example. Then solve.**Example**

You can break shapes into equal parts. Then you can use words to describe the equal parts.

whole

halves

2 equal parts

fourths

4 equal parts

1 2 equal parts.

Circle the word that describes the parts.

halves fourths

2 4 equal parts.

Circle the word that describes the parts.

halves fourths

3 Draw 2 equal parts.**4** Draw 4 equal parts.

- 5 Draw 2 equal parts.

Circle the word that describes the parts.

halves fourths

- 7 Draw 2 equal parts.

Circle the word that describes the parts.

halves quarters

- 6 Draw 4 equal parts.

Circle the word that describes the parts.

halves quarters

- 8 Draw 4 equal parts.

Circle the word that describes the parts.

halves fourths

Name _____

Look at the Example. Then solve.**Example**

Pablo's cake is cut into 2 equal pieces.

Susan's cake is cut into 4 equal pieces.

Which pieces are bigger?

Pablo's cake

Susan's cake

Pablo's pieces are bigger.

The more equal pieces you have, the smaller the pieces.

- 1 Identify** Write how many equal parts.

_____ equal parts

- 2 Compare** Circle the trapezoid that is divided into halves.

- 3 Analyze** Buzz says he has divided the rectangle into fourths.

Boom says he has divided the rectangle into fourths.

Buzz's rectangle

Boom's rectangle

Circle who is right.

Boom

Buzz

Both Buzz and Boom

-
- 4 Classify** Circle all the shapes that are divided into quarters.

-
- 5 Compare** Which circle is divided into equal parts?
Circle the one showing equal parts.

Look at the Example. Then solve.**Example**

The hour hand on a clock shows the time.

**1** Which hour hand shows 1 o'clock? Circle the clock.**2** Which hour hand shows 8 o'clock? Circle the clock.

- 3 Which hour hand shows almost 4 o'clock?
Circle the clock.

- 4 Draw a line from the time to the clock that shows that time.

11 o'clock

just past 11 o'clock

almost 12 o'clock

- 5 Draw the hour hand to show the times.

9 o'clock

almost 10 o'clock

Name _____

Look at the Example. Then solve.**Example**

The minute hand is halfway around the clock.

The hour hand is halfway
between 8 and 9.

It is half past 8.

It is 30 minutes after 8.

It is 8:30, or eight thirty.

**1** It is half past ____.

It is 30 minutes after ____.

It is ____:30.

**2** It is 30 minutes after ____.

It is half past ____.

It is ____:30.

- 3 It is 12:30.

Draw hands on the clock to show the time.

- 4 It is half past 2.

Draw hands on the clock to show the time.

- 5 How long did it take Jen to eat dinner?

Jen started eating.

Jen finished eating.

It took Jen _____ minutes to eat dinner.

Name _____

Look at the Example. Then solve.**Example**

Both clocks show 4:30.

**1** Circle the clock that shows 10:00.**2** Circle the clock that shows 2:30.

- 3 It is half past 7. Show the time on these clocks.

- 4 It is half past 1.

It is _____ minutes after _____ o'clock.

- 5 Draw lines to match the clocks that show the same times.

Grade/Subject Educational Websites and Web Resources

Title of Resource	Web Address	Description	Student Access
Khan Academy	https://www.khanacademy.org	Students will be able to get additional practice with skills in various subjects and test prep.	Students will need to sign up for a free account if they do not already have an account.
Zearn.org	https://Zearn.org	Students will be able to get additional practice with skills in various subjects and test prep.	Students will need to sign up for a free account if they do not already have an account.
LearnZillion	https://Learnzillion.org	Students will be able to get additional practice with skills in various subjects and test prep.	Students will need to sign up for a free account if they do not already have an account.
AAA Math	http://www.aaamath.com	AAA Math has interactive arithmetic lessons for grades K - 8	No student registration required for this free site.
IXL Math	https://www.ixl.com/math/	Student will be able to get practice with multiple item types and real -world scenarios	Sample questions can be accessed for free. Paid account needed for continued use.
Adapted Mind	https://www.adaptedmind.com/Math-Worksheets-LP-Main.php	Students will be able to practice Math skills	Email required for students to access.
Hooda Math	http://www.hoodamath.com	Students will be able to practice Math skills with multiple games on this site	No student registration required for this site.
