

Optional Schools Lottery Selection Process

Optional Schools Application Process

Families submit an
Optional application.

Lottery is implemented
when the number of
applications exceed
available spaces.

Optional applications
are evaluated based on
each Optional school's
entrance requirements.

Families are notified of
the decision within 10-
12 weeks of online
application submission.

What is the Lottery Selection Process?

- The computer-generated lottery is implemented when there are more applicants than available space for particular Optional programs.
- The first 80% of seats are filled on a first-come, first-served basis (within priority categories such as siblings or proximity).
- The remaining 20% of seats are filled based on the computer-generated lottery.
- Only students zoned to MSCS who applied within the priority window (Feb. 6 - 9, 2023) are included in the lottery process.
- Students selected in the lottery must meet the requested Optional school's entrance and residency requirements in order to be approved for the Optional Program.

What schools were included in the lottery?

- Central High (12th)
- Downtown Elementary (3rd)
- East T-STEM Academy (9th)
