Information found in the Staff Directory is entered from the admin side. Click on the e-mail address to e-mail that staff member.

Note: Shelby County Schools is not currently using the Meals module in PowerSchool.

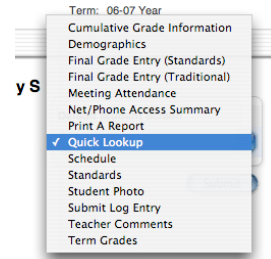

Personalize PowerSchool Teacher

- A. While an option exists to Change Password, it is suggested that the password not be changed.
- B. Click *Default Student Screen*.
 1. Click the arrow in the screen selection box to see the options.

Default Student Screen

Quick Lookup

Submit

- Choose the screen to display when the backpack is selected from the Current Classes Page.
- Click 'Submit'. The Current Classes Page will appear. From now on, when the backpack is selected, the designated page will be displayed.

Note: Shelby County Schools is not currently using the PowerGrade option in PowerSchool that allows users to download the latest version of the PowerGrade program.

Click Reports

Note: Choosing Reports from the Main Menu will print reports for all students. To run a report for students in a particular class, see the 'Current Classes Page' section.

Reports for All Students

Note: The reports available to teachers are created on the admin side. If there is not a list of reports available here, contact the school's PowerSchool administrator.

Which report would you like to print? Labels (Last/First Name) 5160

For which students? All 72 students in my classes.

Test print? Print only the first pages.

When to print ASAP

[Submit](#)

- Choose the report to be printed.
- Verify that the number of students for which the report will be printed is accurate.
- Click the Test Print checkbox the first time a report is run to make sure the report is correct. Some reports take a long time to run, it would be very frustrating to wait for an incorrect report.
- Watermark text can either be one of the standard phrases available in PowerSchool or a custom statement.
- Watermark mode determines whether the watermark is printed over or behind the print of the report.
- When to print allows the teacher to choose when the report selected will be run.
- Click 'Submit'. Depending on the report, either the report or the report queue appears.

Report Queue - My Jobs [Refresh](#)

Created	Job Name	Started	Ended	Status
11/04/2006	Labels (Last/First Name) 5160	11/04/2006 5:08 PM	11/04/2006 5:08 PM	Completed

Click on a job name to view the Job Detail page, which provides additional information about the job. The Job Detail page can also be used to change the scheduled execution time or run a completed or canceled job again.

If a job is running or is waiting to be run, you can cancel it by clicking the red cancel icon. You can also cancel a job on the Job Detail page. Note: If you cancel a running job, depending on its complexity, it may not be immediately marked as canceled, but will eventually respond to the cancel request.

Completed and canceled jobs will automatically be deleted after 4 days. Click on the trash can icon to immediately delete an individual job, or you can delete all completed or canceled jobs.

- If the report queue does not automatically appear, click the Report Queue icon on the navigation bar.

The Current Classes Page

The icons on this page open different pages where the teacher can perform different types of activities.

1. Taking Attendance:      

Note: Shelby County Schools is only using PowerSchool for attendance during the first meeting period or homeroom period of each school day.

- Choose attendance code from the pop-up menu.
- Click in the box next to the student's name to assign the attendance code.
- Continue this process until the appropriate codes have been assigned to all absent students.
- Click **Submit**. The Current Classes Page reloads indicating that the attendance has been processed in the PowerSchool system.

2. Lunch Count:      

Note: Shelby County Schools is not using the lunch count feature of PowerSchool at this time

3. Student Page:      

This is probably the most helpful feature of PowerSchool Teacher. Teachers are able to see much of the same information about their students that is available to administrators.

- Click on the backpack icon at the class whose student pages are to be viewed. The class roster appears.
- Click the last name of the student whose record is to be viewed. The page that opens should be the Default Student Screen that was set in the Personalize PowerSchool section (Quick Lookup is shown).

Note: This page is view only, no changes can be made.

Grades last updated on 11/3/2006

a. On the Quick Look Up screen, clicking on the term average for a class will cause the score page to appear:

b. Clicking on the last name of any student displays the default student screen. Clicking on the first name of any student displays the same page that opened for the previous student.

C. Special alert icons appear after the student name if applicable.

a. The birthday candle will appear when the student's birthday is approaching; clicking on the candle will open a window with the student's birthday listed.

b. The medical alert icon will appear when the student has a medical condition on file at the school. Clicking on this icon will open a detailed description of the student's medical needs.

c. The guardian alert icon will appear when the student has a guardian alert on file at the school. Clicking on this icon will open a window listing specific information regarding the guardian alert.

d. The scales icon will appear if the student's discipline record has been entered into PowerSchool. Clicking on this icon will open a window with a summary of the student's discipline history.

e. Shelby County does not use PowerSchool to keep track of student fees.

f. The other alert icon will appear if the student has an alert entered in PowerSchool that does not fit into one of the other categories. Clicking on this icon will open a window with the details of the alert listed.

D. Cumulative Grade Information displays the cumulative grade information for the selected student.

E. Demographics displays all the demographic information on file for the selected student.

- F. Final Grade Entry (Traditional) displays the final term grade and allows the teacher to change this average if necessary. **Note:** Saving a class in PowerGrade will overwrite any changes made here. This process is currently disabled.
- G. Meeting Attendance displays the attendance to date for the selected student.
- H. Net/Phone Access Summary displays the access summary for the selected student and for the parents of the selected student.
- I. Print a Report displays the report dialogue. This works like the Reports feature available in the Main Menu but rather than printing the report for all students, the report is generated only for the selected student.
- J. Schedule displays the daily schedule and bus route for the selected student.
- K. Submit Log Entry displays the entry screen used by the teacher for discipline referrals. When the 'submit' button is clicked, the discipline referral is sent via e-mail to the appropriate administrator. The teacher does not have a record of this referral after clicking 'submit'.

- L. Teacher Comments displays comments entered by teachers for the selected student.
- M. Term Grades displays averages for each class the student was enrolled in for that term. Clicking on the average causes the score page to appear for that term.

4. Run Class Reports:

This report feature works like the Reports feature available in the Main Menu but rather than printing the report for all students, the report is generated only for students in the selected class.

- A. Choose the report to be printed.

B. Click the Test Print checkbox the first time a report is run to make sure the report is correct. Some reports take a long time to run, it would be very frustrating to wait for an incorrect report.

C. When to print allows the teacher to choose when the report selected will be run.

D. Click 'Submit'. Depending on the report, either the report or the report queue appears.

E. If the report queue does not automatically appear, click the Report Queue icon on the navigation bar.

This feature allows teachers to enter new assignments via the Internet. These assignments will automatically appear in PowerGrade the next time PowerGrade is open.

A. Click 'New' to enter the assignment.
