VI. List staff requesting training for this school year.

--

Below are the provisions and procedures that all schools should abide by as it relates to the plans for the supervision of students, late arriving students and searching of subject’s personal containers. Any additional plans for these areas should be noted in the subsequent box on page 3.

A. Provisions for supervision of students who have already completed the scanning process and those who may have to wait in line:

Staff will supervise students who have completed the scanning process and may have to wait in line for clearance.

B. Procedures for late arriving students:

All late arriving students will be searched upon their arrival by trained staff.

C. Procedures for the inspection or searching of subject’s personal containers:

Staff will follow the training as it relates to searching of students’ personal containers, including backpacks, book bags, purses, carried clothing, lunch boxes/sacks, etc. Schools equipped with X-Ray machines will use this equipment for these types of searches. Schools without will use the manual method of searches.

School plans must be submitted to the Department of Safety and Security, location 1000, 160 S. Hollywood, Coe Building, RM 140, or emailed to eppscn@scsk12.org no later than Friday, August 19.

VII. Additional plans for procedures A, B and C.
