"Failure Is Not An Option, Excuses Are Not Acceptable, EXCELLENCE Is Our Goal!"

The mission of Cummings School is to ensure measurable success for all students as determined by state and national standards by educating them to read with comprehension, write clearly, compute accurately, think, reason, use technological means to solve problems, and have an awareness of ethical standards that promote justice, peace, and social concern. By the end of the eighth grade, all students will meet or exceed the Tennessee standards and be ready to enter middle school prepared to do grade level work without need for remediation.
