Source Data in BrightBytes

Source Data in BrightBytes?

The visual link for viewing all student attendance and truancy data throughout the district. This module has capabilities of drilling down to a specific school level and drilling down to specific students to view their attendance data. Student attendance data is updated daily. The **Average Attendance Rate** is the percentage of school days for which a student has been "Present", or "Absent - Excused", or "Absent - Unexcused". **Chronic Absenteeism** is a student absent for 10% or more of their class periods is "Chronically Absent". If instead, the student is absent between 7 - 10%, then he's considered "Approaching Chronically Absent". Otherwise, his absenteeism status is "Satisfactory".
