

## Shelby County *easyCBM* Training Participants' Guide

1. CBM stands for: \_\_\_\_\_ *easyCBM Overview Manual, page 4*
2. *easyCBM* was built to support Response to Intervention programs by providing both a \_\_\_\_\_ and \_\_\_\_\_ assessments.

### Benchmark Assessments (Shelby Baseline) *easyCBM Overview Manual, page 7; Reading, page 14, Mathematics, page 23*

3. Tests administered and testing windows are set by the \_\_\_\_\_.
4. Students test on their \_\_\_\_\_ grade level.
5. Fluency tests are administered \_\_\_\_\_.
6. Math, Reading, and vocabulary will be taken \_\_\_\_\_.
7. Each **Benchmark** assesses a \_\_\_\_\_ worth of standards.

### Progress Monitoring Assessments *easyCBM Overview Manual, page 10*

8. Tests are assigned by the \_\_\_\_\_.
9. Students test on their \_\_\_\_\_ grade level.
10. Probes within a measure (**PRF**, **Vocab**, **Math**, etc.) are equivalent in \_\_\_\_\_ level. Therefore they should be tested in numerical order for ease of use.

### Online testing *easyCBM User's Guide, page 18*

11. The URL for your district is scsk12.tn. **easyCBM.com**
12. Students log-in with their \_\_\_\_\_ username.
13. Have a plan for managing online testing, 'After selecting their **Group**, **Name**, and **Test**, students should wait for their teacher's confirmation before clicking the \_\_\_\_\_ button.'
14. The \_\_\_\_\_ tests have a read aloud feature any time there is text to be read.

### Students *easyCBM User's Guide, page 11*

15. The \_\_\_\_\_ group is created by the roster file. Students in this group are automatically assigned for the Benchmark assessments when the testing window opens and should always remain checked.
16. **Student Groups** can be created on the **Students** tab and on the \_\_\_\_\_ page.

### Reports *easyCBM User's Guide, page 45*

17. Performance at the \_\_\_\_th percentile rank can roughly be interpreted as 'average' performance for students in that grade on that measure at the point in time.
18. **Benchmark Scores** displays both a raw score and a \_\_\_\_\_ score on each assessment.
19. The **Create Groups** button allows you to \_\_\_\_\_ select students or select students based on their Risk level on an assessment.

20. The **Compare** button shows \_\_\_\_\_ over time.
21. Detailed information about an assessment can be found in the \_\_\_\_\_ report. ROI is available in the CSV export.
22. The **Progress Monitoring Scoring Guidelines** document, found at the top of the \_\_\_\_\_ page, includes grade-level norm references to provide initial guidance on interpreting student performance on the reading and math measures.
