If I don't have Canvas courses, how do I earn my "district" hours?

Departments that are not currently offering Canvas courses are continuing to offer in-person sessions that will count towards your district hours.

When will my assignments be graded?

For most quizzes you will have three attempts to earn a passing score and you will receive feedback in the moment. Other assignments such as discussions and uploads are graded by course instructors on a rolling basis throughout the course term.

I've finished the coursework, but I don't see my credit on my PLZ transcript?

Once the course closes on January 17th, instructors will work to finalize grading of all assignments. Credits will populate on the transcript after grading is complete. For this course, you can expect credits on your transcript by January 31st. Please note, you must earn a final grade of 60% or higher to receive credit for the course. You can always check your grades in Canvas by accessing your Grades Tab.

What "flex day" does this course count towards?

This course goes towards the PD credits needed for the February "flex day".
