RE: Questions and Answers: **IFB#10122022LB Norris Rd HVAC Replacements**

- 1. A bid bond is not going to be needed for this RFP up front but it may be required in the future on purchase made under this contract? The total value of the contract is unknown so a firm bid bond number is currently unattainable**
A bid bond is required for Norris Rd
- 2. The 1 hour response time is being able to contact someone from our company within the hour time frame?**
Yes, and to confirm with MSCS that someone from your company is in route with arrival time noted.

Thank you,
Procurement Services
