   b. DEFINITIONS: For the purpose and clarity of this document only, “SCBE” will mean The Memphis-Shelby County Schools. Also, for the purpose and clarity of this document, “Vendor” will mean any reliable and interested broker, vendor, supplier, vendor, and/or manufacturer that want to respond to this RFP.

2. GENERAL REQUIREMENTS

   b. INSPECTIONS: SCBE reserves the right to have inspectors on the premises of the manufacturer during the process of manufacture of any products being furnished under this RFP for as long as may be considered necessary by SCBE. All expenses of the inspectors shall be borne by SCBE. The presence of the inspectors at the site of manufacture of the products shall not relieve the Awarded Vendor of responsibility for faulty workmanship of materials that may be discovered at any time after delivery and prior to final acceptance in accordance with the specifications. In case of factory inspection of items being manufactured for SCBE, every facility shall be afforded inspectors by the manufacturers for the pursuance of their work.

   c. TYPES OF PURCHASES: These specifications are intended to cover the various types of purchases of equipment, materials, supplies, or services as shown to any or to each of the various public and charter schools, offices, or to any designated warehouse or warehouses in Shelby County.

LOCAL PREFERENCE PURCHASING

I. PURPOSE

To give a local preference to businesses located in Memphis - Shelby County, Tennessee for the purchase of supplies, materials, equipment, and services.

II. SCOPE

This policy applies to District level contracts with a total dollar purchase greater than $25,000.

III. DEFINITION

A. Local Preference Purchasing means giving preference to businesses located within Memphis - Shelby County, Tennessee in the purchase of personal property, materials, and contractual services and in constructing improvements to real property or to existing structures.

B. Local Business means a vendor or contractor who holds a valid license to do business in Memphis - Shelby County, Tennessee; has a street address within the limits of said locality for a continuous period of at least six (6) months prior to bid or proposal opening date; and has proof that Memphis - Shelby County Personal Taxes are current (applies to local businesses who have been doing business in Memphis - Shelby County, Tennessee for a year or more).

IV. POLICY STATEMENT

The Shelby County Board of Education recognizes that a significant amount of funds are spent on purchasing personal property, materials, and contractual services and in constructing improvements to real property or to existing structures. The Board also recognizes that dollars used in making purchases are derived largely from revenues generated from businesses located within Memphis - Shelby County, Tennessee. The Board believes that funds generated in the
community should be placed back into the local economy. Therefore, it is the policy of Shelby County Board of Education to provide a preference to local businesses in procurement transactions whenever the application of such a preference is reasonable in light of the dollar-value of proposals received in relation to such expenditures.

In the bidding of, or letting for procurement of supplies, materials, equipment and services, with a total price greater than $25,000, if the lowest responsive bidder is a regional or nonlocal business, then all bids received from Local Businesses are decreased by five (5) percent. The original bid is not changed; the five (5) percent is calculated only for the purpose of determining the Local Preference. The Local Preference cost differential is not to exceed one hundred thousand dollars ($100,000.00).

In the case of request for proposals, letters of interest, best evaluated bids, qualifications or other solicitations and competitive negotiation and selection in which objective factors are used to evaluate the responses, Local Businesses will be assigned five (5) percent of the total evaluation points up to a maximum of five (5) points.

In the event of a tie between a local and non-local business, favor shall be given to the Local Business and a coin toss method will be used to break ties between two (2) or more local businesses meeting said specifications.

Exceptions
This preference shall not apply to purchases or contracts that are funded in whole or in part by a governmental entity if the laws, regulations or policies governing such funding prohibit application of the Local Preference; when exigent emergency conditions or noncompetitive situations exist; and when a particular purchase, contract, or category of contracts for which MSCS is the awarding authority is waived upon written justification and recommendation of the Board.

Restrictions
The Local Preference shall apply to District level purchases only. The preference shall apply to new contracts for supplies, materials, equipment, and services first solicited after January 29, 2013.

V. RESPONSIBILITY

A. The "users" of services are responsible for furnishing an objective evaluation of their needs and for identifying the specifications of the services to be delivered.

B. The Chief Financial Officer is responsible for developing final specifications and obtaining all bids, requests for proposals, and contracted service agreements.

C. The Chief Financial Officer is responsible for ensuring that all services have been properly approved and all procedures followed before signing contractual agreements.

D. The Superintendent is responsible for ensuring compliance with this policy.

FROM: Charles White, Facilities Director Facilities & Real Estate Management

SUBJECT: Asbestos in Schools – Formal Notification

The Environmental Protection Agency issued a final rule under Section 203 of Title II of the Toxic Substances Control Act (TSCA), 15 U.S.C. 2643, and effective December 14, 1987, to require all educational agencies to identify Asbestos Containing Materials in their school buildings and take the appropriate actions to control release of Asbestos Fibers. The local educational agencies are required to describe their activities in management plans which must be made available to all concerned persons and submitted to State Governors. This final rule requires that local educational agencies use specially trained and certified persons to conduct inspections for asbestos, develop management plans, and design or conduct major actions to control asbestos.

The Division of Facilities and Real Estate Management, Memphis-Shelby County Schools, has developed a plan for each school facility that shows where Asbestos Containing Materials or suspected Asbestos Containing Materials are to be found therein. This plan is available in the main office at each of our schools or facilities.

Therefore, any short-term worker/vendor/contractor installing services/equipment or making repairs in any facility of Memphis-Shelby County Schools will be responsible for determining whether or not their work will be in an area with Asbestos Containing Materials, it will be imperative that Memphis-Shelby County Schools, Division of Facilities and Real Estate Management, Office of Facilities Support, be advised and approve performance of such work before it is started.
