## **PART V: SCOPE OF SERVICES (DETAILS)**

### **Scope of Services**

#### **SCOPE OF SERVICES:**

**SCBE hereby solicits submissions of written proposals, on a competitive basis, from qualified responders to provide for SCBE the services described herein, all in accordance with the terms and conditions detailed herein. *In particular, the services sought by SCBE will require the Respondent to provide:***

#### **1. Scope of Work**

The selected vendor must deliver a complete, turnkey solution that encompasses planning, design, deployment, training, and ongoing support. A critical first step will be conducting detailed site assessments across all 180 locations to identify POTSS line dependencies and determine optimal placement for LTE/5G Fixed Wireless Terminals (FWTs).

The vendor must then produce a comprehensive design that guarantees reliability, eliminates interference risks, and provides redundant connectivity for every essential device. This includes installing FWTs, deploying external antennas and protective enclosures where needed, and ensuring every endpoint is configured, tested, and integrated without service disruption.

The district requires cutover strategies that include fallback procedures, validation testing, and transition schedules. Beyond deployment, vendors will provide centralized system management, full documentation, and hands-on training for district staff. The vendor's responsibilities extend through the life of the agreement, including proactive monitoring, 24/7 technical support, firmware updates, and issue resolution with guaranteed service levels.

Installation will include the provisioning of Fixed Wireless Terminals (FWTs) at each site, accompanied by external antennas and weather-rated enclosures where required. All devices must be fully configured, tested, and integrated to support existing safety and operational endpoints. Migration must occur without disruption to essential services, with each cutover carefully planned, validated, and documented. The vendor must provide the district with detailed transition schedules, pre-deployment testing procedures, and fallback measures to guarantee continuity.

The vendor will further provide a centralized management system, comprehensive training for district staff, and detailed documentation.

Following deployment, the vendor will maintain responsibility for system health monitoring, firmware and software updates, and ongoing technical support for the life of the contract. This includes proactive issue resolution, 24/7 availability for emergencies, and guaranteed adherence to service levels.

## 2. Technology Requirements

The solution must be technically sound, resilient, and capable of sustaining uninterrupted operations for the life of the agreement. Vendors must provide a detailed response addressing the following key requirements:

**Service Continuity:** Critical devices such as fire alarms and elevator phones cannot experience downtime. Vendors must provide phased migration plans, endpoint validation, and documented fallback measures.

**Performance Standards:** The system must provide 100 Mbps download and 20 Mbps upload speeds with latency not exceeding 50 ms. Unlimited, unthrottled data is required, with a contractual uptime SLA of 99.99%.

**Reliability and Redundancy:** Every terminal must support dual-SIM or eSIM multi-carrier failover. Redundant backhaul, failover pathways, and integrated battery backup (minimum of 8 hours) are required. Vendors must include tools for battery monitoring and lifecycle management.

**Device Compatibility:** The system must support all analog devices currently in use, including fire alarms, intrusion alarms, elevator phones, fax machines, and modems. Compatibility must be validated at cutover, with documentation of technical tolerances and limitations.

**Security and Compliance:** End-to-end encryption, secure authentication, and role-based access are mandatory. The solution must comply with HIPAA, FERPA, ADA, NFPA, and FCC regulations, with evidence of prior audits or certifications preferred.

**Monitoring and Management:** A centralized, web-based management console is required, with real-time monitoring, alerting, role-based access, and API integration options for district IT systems.

**Support and SLAs:** Vendors must provide 24/7 support with strict SLAs: one-hour response for critical outages, four-hour response for standard issues, and defined resolution times. These commitments must remain valid for the life of the agreement.

**Training and Documentation:** Training must be delivered both onsite and virtually, with comprehensive guides, cutover reports, and update policies for firmware/software.

**Scalability and Future-Proofing:** The system must expand easily to new sites and support future LTE/5G standards, including eSIM and 5G Advanced. All hardware must allow remote upgrades and remain supported for the contract's duration.

The technology platform is the foundation of this project and must be designed for resilience, compliance, and future-readiness. The solution must sustain uninterrupted operations in a K–12 environment for the life of the agreement. Vendors must address the following requirements in detail:

**Service Continuity:** The migration must ensure uninterrupted service for all devices. Life-safety endpoints, including fire alarms and elevator phones, cannot experience downtime. Vendors must provide a phased migration plan with clear milestones, validation testing for every endpoint, and documented fallback procedures for cutovers.

**Performance Standards:** Each endpoint must deliver a minimum guaranteed speed of 100 Mbps download and 20 Mbps upload, with latency not exceeding 50 milliseconds. All services must be provided with unlimited data and must not be subject to throttling or caps. Vendors must commit contractually to a minimum uptime SLA of 99.99%.

**Reliability and Redundancy:** Every terminal must include multi-carrier failover through dual-SIM or eSIM capability. The overall design must include redundant backhaul and failover pathways to ensure that a single point of failure does not result in service interruption. Power resilience is required at every site. Each device must include an integrated backup battery capable of supporting a minimum of eight hours of continuous operation. Vendors must provide monitoring tools for battery health, recommended replacement cycles, and lifecycle documentation.

**Device Compatibility:** The solution must support all existing analog devices including fire alarms, intrusion alarms, elevator phones, fax machines, credit card terminals, modems, intercoms, paging systems, and call boxes. Vendors must document system limits including REN values, maximum cable lengths, voltage and impedance tolerances, and any conversion equipment required. Full compatibility must be validated at cutover.

**Security and Compliance:** The system must provide end-to-end encryption for voice, signaling, and data. Remote access must be controlled through secure authentication methods including role-based access and multi-factor authentication. Vendors must demonstrate compliance with HIPAA, FERPA, ADA, NFPA, and applicable FCC requirements. Documentation of previous audits, certifications, or third-party validations should be included in the proposal.

**Monitoring and Management:** Vendors must provide a centralized, web-based management console that allows district administrators to monitor device health, system performance, and service status in real time. The system must support automated alerts, configurable thresholds, and historical reporting. Role-based access control is required, and API integration with existing district IT systems is preferred.

**Support and SLAs:** Vendors must commit to maintaining SLAs for the life of the agreement. This includes guaranteed uptime of 99.99%, one-hour response for critical outages, four-hour response for standard issues, resolution within 24 hours for critical issues, and resolution within three business days for standard issues. Support must be available 24/7 with a defined escalation process.

**Training and Documentation:** Training must be provided for district administrators and staff both on-site and virtually. Vendors must supply configuration manuals, troubleshooting guides, user-friendly documentation, and cutover reports. Proposals must describe the vendor's update policy for firmware and software, including testing, backward compatibility, and rollback procedures.

**Scalability and Futureproofing:** The District must have the ability to add and remove lines as locations are opened and closed at any time during the duration of the contract. The system must allow the district to easily expand services to additional sites or endpoints with minimal manual intervention. All deployed hardware must support remote firmware upgrades and remain under vendor support for the life of the agreement. Vendors must provide a roadmap showing ongoing support for LTE/5G standards including eSIM and 5G Advanced.

### 3. Proposal Submission

Vendors must submit a complete proposal package by the stated deadline. Proposals must include a cover letter, a thorough technical response to Section 4, a detailed cost breakdown, vendor qualifications, at least three reference testimonials (**Provide detailed reference testimonials from vendors listed on Appendix C**), proof of insurance, and signed certifications. Proposals must remain valid for 120 days to allow for evaluation and award processes.

Late or incomplete submissions will not be considered. Vendors are expected to carefully review this RFP, provide clear documentation of compliance, and propose solutions that demonstrate both technical soundness and long-term supportability.

All proposals must be submitted no later than [insert date and time]. Late submissions will not be considered. Proposals must include a cover letter, a complete technical response addressing each element of Section 2, a detailed cost proposal, vendor qualifications, at least three references for similar projects, proof of insurance, and signed certifications. All submissions must remain valid for 120 days.

## **PART VI: APPENDICES**

## **APPENDIX A - SPECIAL TERMS AND CONDITIONS FOR RFP'S**

These Terms and Conditions shall apply unless otherwise noted in General Terms and Conditions attached to individual bid request. It shall be the Vendor's sole responsibility to insure they are compliant with all applicable federal, state, and city laws, rules, ordinances, statutes, etc., that may impact this contract. SCBE shall bear no responsibility for monitoring the Vendor's compliance with said legal requirements. If the Vendor fails to maintain legal compliance, SCBE may find said Vendor in default.

### **1. REQUEST FOR PROPOSALS (RFP)**

- a. DIRECTIONS: SCBE invites all interested and qualified vendors to submit proposals to this RFP in accordance with directions specified in the attached General Terms and Conditions and these Special Terms and Conditions.
- b. DEFINITIONS: For the purpose and clarity of this document only, "SCBE" will mean The Memphis-Shelby County Schools. Also, for the purpose and clarity of this document, "Vendor" will mean any reliable and interested broker, vendor, supplier, vendor, and/or manufacturer that want to respond to this RFP.

### **2. GENERAL REQUIREMENTS**

- a. AUTHORIZED DEALERS: Only authorized dealers may submit a proposal on requested equipment. At the discretion of SCBE, a certificate, executed by the manufacturer, may be requested stating that the Vendor is an authorized agent of the manufacturer and is duly authorized to service and maintain the equipment.
- b. INSPECTIONS: SCBE reserves the right to have inspectors on the premises of the manufacturer during the process of manufacture of any products being furnished under this RFP for as long as may be considered necessary by SCBE. All expenses of the inspectors shall be borne by SCBE. The presence of the inspectors at the site of manufacture of the products shall not relieve the Awarded Vendor of responsibility for faulty workmanship of materials that may be discovered at any time after delivery and prior to final acceptance in accordance with the specifications. In case of factory inspection of items being manufactured for SCBE, every facility shall be afforded inspectors by the manufacturers for the pursuance of their work.
- c. TYPES OF PURCHASES: These specifications are intended to cover the various types of purchases of equipment, materials, supplies, or services as shown to any or to each of the various public and charter schools, offices, or to any designated warehouse or warehouses in Shelby County.
- d. SINGLE PRICE: Unless otherwise specified in the General Terms and Conditions attached to this RFP, the Vendor will not be allowed to offer more than one price on each item even though the vendor may feel that it has two or more types or styles that will meet specifications. Vendor must determine which to offer. If said Vendor should submit more than one price on any item, all prices for that item will be rejected.
- e. AGGREGATE BIDS: Where provision is made on the proposal form for bidding items on an individual, group or aggregate basis, the award will be made on whichever basis is in the best interest of SCBE. When an aggregate bid is requested, the unit prices for each item shall be identified in the response. The unit prices in an aggregate bid should be

consistent with the total quoted price for an aggregate bid. No bid or a combination of items will be permitted except as noted in the General Terms and Conditions.

- f. **MINIMUM REQUIREMENTS:** Whenever mention is made of any article, material, or workmanship to be in accordance with laws, ordinances, building codes, underwriter's code, A.S.M.E. regulations, or similar expressions, the requirements of these laws, ordinances, etc., shall be construed as to the minimum requirements of these specifications. In case of any apparent conflict between the specifications and such laws, ordinances, etc., the Awarded Vendor shall call said conflict to the attention of SCBE Director of Purchasing & Supply Services for a decision before proceeding with any work.
- g. **USE OF BRAND NAMES:** Brand names and model numbers are offered as a reference for Vendors as to the style, size, weight, and other characteristics of the item(s) in the specifications. The use of such brand names should not be interpreted to be the exclusive brand desired unless so stated. The determination of the acceptability and/or the criteria for acceptability of an alternate is solely the responsibility of SCBE.
- h. **PRODUCT OFFERED BY THE VENDOR:** The product offered by the Vendor shall be new, not used, and the latest version of the product. Should a product be discontinued and/or upgraded during the course of the contract, the Vendor shall offer to SCBE a new alternate product that meets and/or exceeds the established specifications, under the same terms, conditions, and prices as the originally offered item.
- i. **COMPLIANCE WITH SPECIFICATIONS:** The Vendor shall abide by and comply with the true intent of the specifications and not take advantage of any unintentional error or omission but shall fully complete every part as the true intent and meaning of the drawings and specifications, as decided by the Procurement Director. Where the requirements of the specifications call for higher grade and are not in conflict with the laws, ordinances, etc., the specifications shall govern. Where the requirements of the laws, ordinances, etc., are mandatory, they shall govern. The successful Vendor, after award and before manufacture and/or shipment, may be required to submit working drawings or detailed descriptive data identified as acceptable to SCBE, which would provide sufficient data to enable SCBE to judge the Vendor's compliance with the specifications.
- j. **DEVIATIONS TO SPECIFICATIONS:** Any deviation from the specifications must be noted in detail by the Vendor, in writing, as an attachment to the response. The absence of a written list of specification deviations attached to the response will hold the Vendor strictly accountable to SCBE to the specification as written. Any deviation by the Awarded Vendor from the specifications, without prior documented approval, will be grounds for rejection of the goods and/or equipment when delivered.
- k. **Piggyback Clause:** Shelby County Board of Education reserves the right to extend the terms, conditions, and prices of this contract to other Institutions (such as State, Local and/or Public Agencies) who express an interest in participating in any contract that results from this RFP. Each of the piggyback institutions will issue their own purchasing documents for purchasing of the goods. Proposer agrees that the Shelby County Board of Education shall bear no responsibility or liability for any agreements between Proposer and the other Institution(s) who desire to exercise this option.

Each participating jurisdiction or agency shall enter into its own contract with the Awarded Respondent(s) and this contract shall be binding only upon the principals

signing such an agreement. Invoices shall be submitted in duplicate "directly" to the ordering jurisdiction for each unit purchased. Disputes over the execution of any contract shall be the responsibility of the participating jurisdiction or agency that entered into that contract. Disputes must be resolved solely between the participating agency and the Awarded Respondent. SCBE does not assume any responsibility other than to obtain pricing for the specifications provided.

### **3. CONFLICT OF INTEREST**

- i. In accordance with policy 1013 Superintendent Code of Ethics SCBE has promulgated Ethics Policies, which cover conflict of interest, financial disclosure and lobbying. All respondents are expected to comply with any and all SCBE Ethics Policies that may apply to them individually or as a business entity.
- ii. All respondents should review carefully the conflict-of-interest policies. Specific attention should be accorded to SCBE Ethics Policies (SCBE Policy 1013) prohibiting SCBE employees from benefiting from business with the school system.
- iii. All respondents are placed on notice that all questions/interpretations concerning SCBE Ethics Policies may be submitted to the Ethics Review Panel in accordance with SCBE Policy 1013.

### **4. PRICES**

- a. **UNIT PRICES:** Unit Prices must be rounded off to no more than two (2) decimal places, unless so specified in the General Terms and Conditions included with the RFP. All unit prices on items shall be completed on the proposal sheet(s). A NO BID notation must be completed for each item not being bid. In case of error in extension of prices in the proposal response, the unit price shall govern.
- b. **UNITS OF MEASURE:** Wherever SCBE indicates the unit of measure required and the Vendor's price is based on a different unit of measure, it shall be at the sole discretion of SCBE to determine whether the Vendor's price will be recalculated. SCBE will not accept any proposals with Vendor escalator clauses, unbalanced figures, or irregular features.
- c. **DELIVERY CHARGES:** All prices shall include FOB Destination.
- d. **CASH DISCOUNTS:** Cash discounts will not be taken into consideration in determining a contract award. All discounts, other than prompt payment, are to be included in the bid price.
- e. **PRICE REDUCTIONS:** SCBE reserves the right to accept price reductions from the Awarded Vendor during the term of this contract to occur no less than thirty (30) days from the approval of the contract.
- f. **Tax Exemption.** SCBE is a tax-exempt entity and, as such, is exempt from the payment of taxes, including but not limited to sales and use taxes, federal excise taxes and federal high use taxes.

Failure to comply with this condition may be considered sufficient reason to refuse to accept the goods.
- d. **SAFETY REQUIREMENTS:** The Awarded Vendor shall provide all equipment and machinery furnished and delivered to SCBE complying with the Safety regulations as required by OSHA and the Tennessee State Safety Health Act known as MOSHA. The Vendor shall sign the safety section, if attached in the proposal response, certifying that the regulations for the type of equipment furnished shall meet all regulations applying to this type of equipment meeting the CFR-1910 MOSHA Standard. All additional expenses incurred by SCBE as a result of such purchases will be deducted from the monies owed or monies that may become due to the Vendor.

## 6. GUARANTEE AND WARRANTIES

## **LOCAL PREFERENCE PURCHASING**

### **I. PURPOSE**

To give a local preference to businesses located in Shelby County, Tennessee for the purchase of supplies, materials, equipment, and services.

### **II. SCOPE**

This policy applies to District level contracts with a total dollar purchase greater than \$25,000.

### **III. DEFINITION**

- A. Local Preference Purchasing means giving preference to businesses located within Shelby County, Tennessee in the purchase of personal property, materials, and contractual services and in constructing improvements to real property or to existing structures.
- B. Local Business means a vendor or contractor who holds a valid license to do business in Shelby County, Tennessee; has a street address within the limits of said locality for a continuous period of at least six (6) months prior to bid or proposal opening date; and has proof that Shelby County Personal Taxes are current (applies to local businesses who have been doing business in Shelby County, Tennessee for a year or more).

### **IV. POLICY STATEMENT**

The Shelby County Board of Education recognizes that a significant amount of funds are spent on purchasing personal property, materials, and contractual services and in constructing improvements to real property or to existing structures. The Board also recognizes that dollars used in making purchases are derived largely from revenues generated from businesses located within Shelby County, Tennessee. The Board believes that funds generated in the community should be placed back into the local economy. Therefore, it is the policy of Shelby County Board of Education to provide a preference to

local businesses in procurement transactions whenever the application of such a preference is reasonable in light of the dollar-value of proposals received in relation to such expenditures.

In the bidding of, or letting for procurement of supplies, materials, equipment and services, with a total price greater than \$25,000, if the lowest responsive bidder is a regional or nonlocal business, then all bids received from Local Businesses are decreased by five (5) percent. The original bid is not changed; the five (5) percent is calculated only for the purpose of determining the Local Preference. The Local Preference cost differential is not to exceed one hundred thousand dollars (\$100,000.00).

In the case of request for proposals, letters of interest, best evaluated bids, qualifications or other solicitations and competitive negotiation and selection in which objective factors are used to evaluate the responses, Local Businesses will be assigned five (5) percent of the total evaluation points up to a maximum of five (5) points.

In the event of a tie between a local and non-local business, favor shall be given to the Local Business and a coin toss method will be used to break ties between two (2) or more local businesses meeting said specifications.

### **Exceptions**

This preference shall not apply to purchases or contracts that are funded in whole or in part by a governmental entity if the laws, regulations or policies governing such funding prohibit application of the Local Preference; when exigent emergency conditions or noncompetitive situations exist; and when a particular purchase, contract, or category of contracts for which MSCS is the awarding authority is waived upon written justification and recommendation of the Board.

### **Restrictions**

The Local Preference shall apply to District level purchases only. The preference shall apply to new contracts for supplies, materials, equipment, and services first solicited after January 29, 2013.

## **V. RESPONSIBILITY**

- A. The "users" of services are responsible for furnishing an objective evaluation of their needs and for identifying the specifications of the services to be delivered.
- B. The Chief Financial Officer is responsible for developing final specifications and obtaining all bids, requests for proposals, and contracted service agreements.
- C. The Chief Financial Officer is responsible for ensuring that all services have been properly approved and all procedures followed before signing contractual agreements.
- D. The Superintendent is responsible for ensuring compliance with this policy.
