

Shelby County Schools
Online Student & Visitor
Accident Reporting
User Manual

Overview

In accordance with SCS board policy 6043, Health Care Management (Students), any accident involving students that occurs on the property of the Shelby County Schools and/or while under the approved supervision of District employees shall be reported within twenty-four (24) hours after the accident occurs.

In conjunction with the Department of Information Technology, the Department of Risk Management has developed an online Intranet website that will allow schools and departments to report student & visitor accidents. This site is only accessible from computers on the SCS network. All users are required to log in using their SCS user name and password. Users will only have access to students assigned to the same location as the user. User access is controlled by the Department of Risk Management. To establish additional user accounts for your location or department, please contact the Department of Risk Management at 416-5515 or you may email riskmanagement@scsk12.org.

After logging in to the site, users will have the ability to:

- Enter a new accident report for a student
- Review accident report statuses
- Respond to any concerns or questions sent by Risk Management

When a new accident report is submitted to Risk Management, the following will occur:

- The Risk Management administrator(s) will receive an email notification stating that a new accident report has been submitted
- Risk Management will review the accident report and will either:
 - Accept the report
 - Return the report for additional information
- The user who submitted the report will receive an email notification indicating the action taken by Risk Management. Reports that are returned for additional information should be updated by the user and resubmitted to Risk Management.

The following pages will provide you with step-by-step instructions on how to:

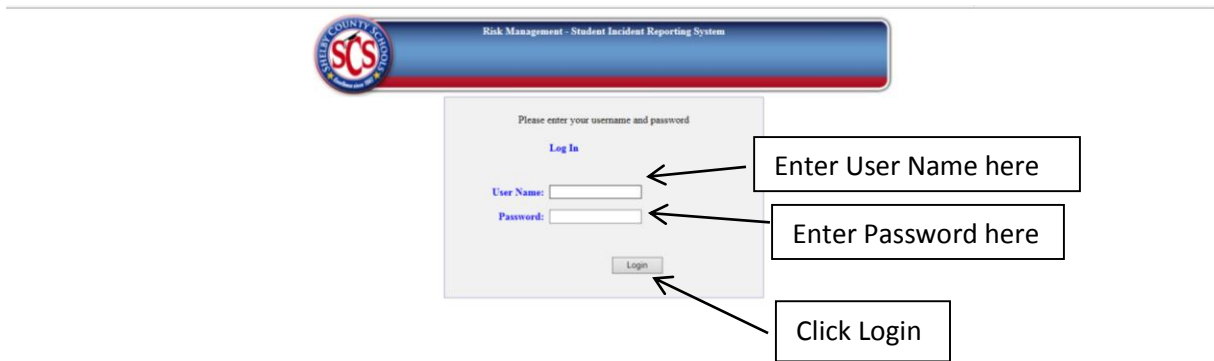

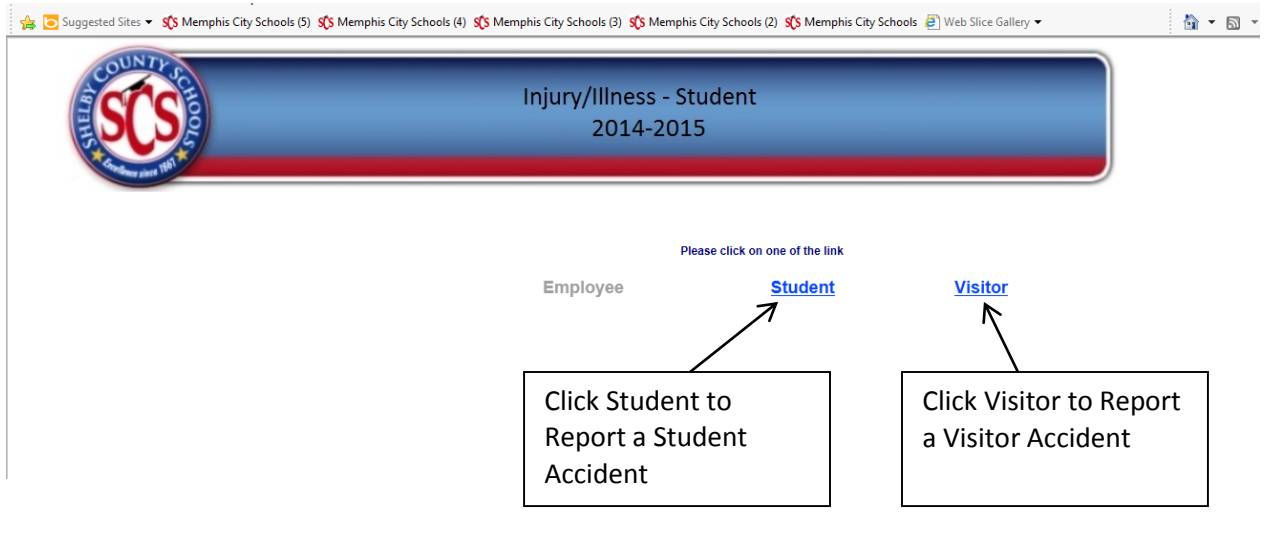

- Enter a new report
- Search for a specific report(s)
- Update a returned report
- Print an individual report
- Logout

Any questions or concerns regarding employee accidents should be directed to the Office of Risk Management at 416-5515.

Inquiries may also be sent via email to riskmanagement@scsk12.org.

Log In Page

Users can access the login page from <http://incidentreport.scsk12.org>.

Users should enter their SCS user name and password in the appropriate fields and click the Login button to login.

After logging in the user will be directed to the Memo page which will provide users with any special instructions and contact information for the Department of Risk Management.

Click **Continue** to enter a new report and/or access an existing one.

Click Continue

Welcome to the Shelby County School's Student Incident Reporting System!

Please maintain a hard copy of all student accident reports at the school for one year. Hard copies should no longer be sent to Central Office.

When completing an accident report, be sure to include ALL factors that contributed to the accident.

PARENT INQUIRIES: If a parent/guardian requests for a copy of their child's accident report, please print the electronic copy from this system; we discourage the distribution of the hand

Enter a New Report

- Click Student Search
- To search for a particular student, enter his/her first and/or last name in the appropriate fields and click Search.
- If you cannot find the student on your list, you may create a manual report by clicking Create Manual Report
- Click the New link next to the student's name for which you need to create a report

Click Student Search

Click Search

Click View to open the saved report

- Make the necessary updates to your report
- Click Submit to Risk Management for Review

Searching for and Printing Individual Reports

- Click Report Search
- Enter search criteria which may be a combination of:
 - Fiscal Year - allows you to search for reports reported in a previous fiscal/school year
 - Status – search by report status:
 - Accepted – returns all reports that have been reviewed & accepted by Risk Management
 - Return for more info – returns all reports returned to the user for more information
 - Submit – returns all reports that have been submitted to Risk Management but no action has been taken by them
 - Pending – returns reports that have been saved by the user and have not been submitted to Risk Management
 - Last Name – returns all reports for students with that last name
 - First Name – returns all reports for students with that first name
 - Incident Beg. Date & Incident End Date – returns reports that have an incident date that falls between the dates entered. For example, the user may search for reports for incidents/accidents that occurred on or between November 1 and November 13.
- Click Search
- Click View to view individual reports

Logging Out

Due to the sensitive nature of data captured in this system, the user should **ALWAYS** log out when he/she has completed the work that needs to be done in this system. To logout click the Logout button located at the top in the middle of the page.

Searching for and Printing Individual Reports

- Click Existing/New Report
- Enter search criteria which may be a combination of:
 - Fiscal Year - allows you to search for reports reported in a previous fiscal/school year
 - Employee Type - allows you to search for reports submitted for regular or substitute employees
 - Status – search by report status:
 - Accepted – returns all reports that have been accepted by Risk Management
 - Return for more info – returns all reports returned to the user for more information
 - Submit – returns all reports that have been submitted to Risk Management but no action has been taken by them
 - Pending – returns reports that have been saved by the user and have not been submitted to Risk Management
 - Report ID – the report ID is assigned when the report is submitted
 - Last Name – returns all reports for visitors with that last name
 - First Name – returns all reports for visitors with that first name
 - SSN – returns reports for the visitors with that SSN
 - Status Date From & Status Date End – returns reports that are in the status indicated and fall between the dates stated. For example, the user may search for reports that were in a submit status on or between November 1 and November 13.
 - IncDate_From & IncDate_End – returns reports that have an incident date that falls between the dates entered. For example, the user may search for reports for incidents/accidents that occurred on or between November 1 and November 13.
- Click Search
- Click View to view individual reports

The screenshot shows the 'Risk Management - Visitor Reporting System' interface. At the top, there is a header with the SCS logo and the text 'Risk Management - Visitor Reporting System 2014 - 2015 Welcome: Test User 1 - Local User Logout'. Below the header, there are two buttons: 'Existing/New Report' and 'New Report'. A callout box labeled 'Click Existing/New Report' points to the 'Existing/New Report' button. Below these buttons is a search form with the following fields: 'School Year' (dropdown), 'Injury or Illness' (dropdown), 'IncDate_From' (text), 'Rpt Id' (text), 'Last Name' (text), 'First Name' (text), 'SSN' (text), 'Status Date From' (text), 'Status Date End' (text), and 'IncDate_End' (text). A 'Search' button is located below the 'IncDate_End' field. A callout box labeled 'Enter Search Criteria' points to the search form. Below the search form is a table with the following columns: 'Rpt Id', 'Sch Year', 'Injury/Illness', 'Loc', 'Name', 'Inc Date', 'Enter Date', 'Rm Act Date', 'Status', and two empty columns. The first row of data is: 8, 2015, Injury, 2780, Rudolph, Jeri, 10/07/2014, 10/07/2014, 10/07/2014, Return for more info, View, New. A callout box labeled 'Click Search' points to the 'Search' button. A callout box labeled 'Click View' points to the 'View' link in the 'Status' column of the first row.

- Click Print (must allow pop-ups on this site) – this will generate a PDF document of the viewed report (must have Adobe Reader installed)
